Gujarat Pipavav Port Limited

ANNUAL REPORT 2016-17

CHAIRMAN'S STATEMENT

Dear Members,

For and on behalf of the Board of Directors, I am pleased to present the Annual Report of Gujarat Pipavav Port Limited ('the Company') with the first Ind AS compliant Financial Statements for the year ended 31st March 2017.

Your Company holds 38.8% shares in Pipavav Railway Corporation Limited (PRCL), an Associate Company as per the provisions of the Companies Act, 2013. Accordingly, the Annual Report comprises the Standalone Financial Statements and the Consolidated Financial Statements for the year ended 31st March 2017.

During the year, your Company reported a Standalone Net Profit of Rs. 2,499 Million an increase of over 31% compared to the previous year. The Company's objective is to sustain a steady and consistent distribution of Dividend to its Shareholders subject to availability of profits, the Company's future funding needs and the applicable laws. Accordingly, the Company declared and paid an Interim Dividend of Rs. 2.00 per share and is pleased to recommend a Final Dividend of Rs. 1.80 per share.

The Global Container Shipping Lines, our direct customers, faced historically low freight rates during the year 2016. The excess capacity build up coupled with continued slow down in global trade adversely impacted the Shipping Lines. This led to one of the major carrier going out of business. The Shipping Industry is also going through the consolidation phase and the Lines are getting into slot sharing arrangements to reduce their operating cost in the weak market conditions. The Industry is expecting that these measures will lead to gradual recovery in freight rates and provide relief to the highly stretched financials of the Shipping Lines. In the muted global environment, India continues to remain a country with potential of strong GDP growth ~7%. The Container Shipping trade on the West Coast of India that handles almost two-thirds of the country's container business, is growing at ~6%. Though it has caused certain imbalance in the trade because of strong imports and relatively low exports. As far as the Dry Bulk cargo business is concerned, Coal and Fertiliser are the two main commodities imported in the country. The trend of reduction in Coal imports continues due to much improved availability of domestic coal and competitive pricing of Solar Energy. The Fertiliser imports are driven by the Government's policies but the compulsory Neem coating required to be done by the Port at which the imported fertilizer is discharged as per the Government's directive in order to prevent diversion of this subsidized commodity has also resulted into reduction of its imports. The Government of India's launch of Pradhan Mantri Ujjwala Yojana scheme is targeted to increase the coverage of population having supply of LPG. The population getting covered with LPG connection is rapidly increasing from ~62% in April 2016 to ~73% in March 2017 and the target is to reach ~96% of the population by 2018-19. The Government is moving aggressively to meet its target by 2018-19. This development will have a positive effect of reducing air pollution and improving the local environment in rural areas. Your Company sees good potential in the growth of LPG imports in order for the Government to achieve its target. RORO is another business that is progressing well through Auto companies in Gujarat. Going forward, the Company's focus areas will be Containers, Liquid and RORO business.

AP Moller Maersk in partnership with the Confederation of Indian Industries (CII) had recently carried out an extensive study on current obstacles to Indian logistics and associated trade growth. The study found that the cost of trade in India is amongst the highest in the world when compared to the peer countries. Indian transport and logistics costs represent 14.4% of its Gross Domestic Product (GDP) compared to 8% for China. The study covered four businesses namely Textiles and Garments, Pharmaceuticals, Electronics and Auto Components. The data indicated that India's indirect cost of trade (including delays, road congestion and non-essential paperwork) represent as much as 38% to 47% of total transportation and logistics cost. A reduction of these extraneous costs by 10% would create the potential for up to 5% to 8% in additional exports for the country or USD 5.5 billion in additional export revenue above the current level of about USD 63.3 billion in these four sectors.

The State of Gujarat has been at the forefront in Industrialization and the Auto companies recently set up in Sanand- Mehsana region have been quite successful. These can be an example for the other industries to set up their manufacturing facility in the Dholera Industrial Region which is being promoted by the State Government.

Your Company along with all other ports within the portfolio of its parent APM Terminals observed 17th to 20th April 2017 as Global Safety Day. The theme this year was "24/7 SAFE" with focus on Night Operations and Night Shifts functioning at the Ports and Terminals. Several programmes were conducted during the period involving Skits and Spot Quiz by various departments. The families of the employees were also involved wherein a Drawing Competition for Safety posters was conducted for children and the Ladies had conducted Skits. The winners were felicitated by the Executive team of the Company and the Programme concluded with the Managing Director's address to all the employees, their families and the Contractor's employees. As part of the global initiative, APM Terminals has four underlying principles- Safety is the license to operate; has no hierarchy; it means no compromise and all companies should be actively committed to it. Your Company is committed to highest Safety standards and has set stringent Safety rules for the Truck Drivers entering the Port. During the calendar year 2016, the Port's Health, Safety, Security and Environment (HSSE) Team conducted 34,900 Training sessions for the Truck Drivers making them aware about the Safety measures they need to follow. The drivers are required to compulsorily undergo Refresher Safety course every six months before entering the Port.

Your Company as a good and responsible Corporate Citizen has taken certain initiatives during the year towards providing the services that contribute to lifecycle sustainability. Some of the major initiatives taken are Conversion of 18 Rubber Tyre Gantry Cranes from Diesel to Electric, Purchase of 2 new Rubber Tyre Gantry Cranes operating on electric, Replacement of 2782 High Voltage Sodium Vapour Lamps with LED lights inside the port premises resulting into energy savings of over 50% and 100% utilization of treated domestic waste water for development of green belt and reducing the requirement for fresh water. The HSSE department has set up a dedicated Waste Management Cell which is responsible for segregation of all waste at source, its storage, recovery and recycle. All Hazardous waste is collected and stored in a dedicated area and is sold only to authorized re-cyclers and re-processors. Certain garbage and hazardous waste that can be used as fuel by the cement factories in the vicinity, is disposed off accordingly.

On behalf of the Board of Directors of the Company, I take this opportunity to express our sincere appreciation to our Shareholders, Vendors, Customers for their continuous support, our Associate Company Pipavav Railway Corporation Limited and to our Employees for their dedication and commitment. I also thank the State and Central Government bodies and my colleagues on the Board for their support, guidance and valuable insight. I look forward with optimism towards a sustained economic growth in India and a very exciting and prosperous year ahead for Gujarat Pipavav Port Limited.

With Best Wishes,

Yours truly,

Tejpreet Singh Chopra

STATEMENT SETTING OUT MATERIAL FACTS UNDER SECTION 102 OF THE COMPANIES ACT, 2013

Item no. 5

The Board of Directors appointed Mr. David Skov (DIN: 07810539) as an Additional Director of the Company with effect from 11th May 2017. Pursuant to Section 161 of the Companies Act, 2013, ("the Act") and Article 109 of the Articles of Association of the Company, Mr. Skov holds office of Director upto the date of this Annual General Meeting but is eligible for appointment as a Director. The Company has received a notice pursuant to Section 160 of the Act, from a Member signifying his intention to propose the appointment of Mr. Skov as a Director of the Company along with requisite deposit of Rs. 100,000.

Mr. Skov has a strong and extensive background of more than two decades in the Shipping Industry. He joined AP Moller Maersk Group in 1995 as Management Trainee and then went on to hold various positions in different business units within the Group including Head of Maersk Line in South China, Head of Maersk Line in Central and West Africa and now as Head of APM Terminals for Africa, Middle East and India.

Mr. Skov holds Masters in Business Administration from Warwick Business School, UK and has degree in International Business as well as Organisations and Leadership.

A brief profile of Mr. Skov in terms of Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is provided at the end of this Notice.

The Board of Directors is confident that Mr. David Skov's vast knowledge and varied experience in business will be of great value to the Company and hence recommends the Resolution for your approval.

Except Mr. David Skov and his relatives, none of the Directors, Key Managerial Personnel or their relatives are concerned or interested in the proposed Ordinary Resolution as set out in Item no. 5 of this Notice. This explanatory statement may also be regarded as disclosure under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Item no. 6

The Board of Directors appointed Mr. Jan Damgaard Sorensen (DIN: 06408939) as an Additional Director of the Company with effect from 11th May 2017. Pursuant to Section 161 of the Companies Act, 2013, ("the Act") and Article 109 of the Articles of Association of the Company, Mr. Sorensen holds office of Director upto the date of this Annual General Meeting but is eligible for appointment as a Director. The Company has received a notice pursuant to Section 160 of the Act, from a Member signifying his intention to propose the appointment of Mr. Sorensen as a Director of the Company along with requisite deposit of Rs. 100,000.

Mr. Sorensen joined AP Moller Maersk Group in 2001, where he has held various positions within the Group Functions and Maersk Line in Copenhagen, Prague and Vienna. In 2009, he became CFO of Suez Canal Container Terminal in Port Said, Egypt and then Regional CFO of APM Terminals for Asia Pacific Region. Currently he is the CFO of APM Terminals for Africa, Middle East and India. His main experiences have been in the areas of Finance and General Management.

Mr. Sorensen holds a Masters Degree in Finance and Accounting from Aarhus School of Business in Denmark and an Executive MBA (Distinction) from INSEAD in Fontainebleau.

A brief profile of Mr. Sorensen in terms of Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, is provided at the end of this Notice.

The Board of Directors is confident that Mr. Jan Damgaard Sorensen's vast knowledge and expertise in Finance will be of great value to the Company and hence recommends the Resolution for your approval.

Except Mr. Jan Damgaard Sorensen and his relatives, none of the Directors, Key Managerial Personnel or their relatives are concerned or interested in the proposed Ordinary Resolution as set out in Item no. 6 of this Notice. This explanatory statement may also be regarded as disclosure under Regulation 36 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Item no. 7

The Company is engaged in operating and maintaining an all weather Port at Pipavav, District Amreli, in the State of Gujarat, having multi-cargo and multi user operations. The Company's Port is one of the principal gateways on the West Coast of India and provides access to Shipping Lines through international routes as well as for the cargo belt in North and North-West Region of India. In its normal course of business, the Company has entered into transactions with Maersk Line A/S (Related Party to the Company in terms of the Listing Regulations) for providing port services and operations.

The Contract with Maersk Line A/S has been renewed with effect from 1st April 2017 upto 31st March 2020. Pursuant to Regulation 23(4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is required to obtain Shareholder's approval for all the Material Transactions with a Related Party. Accordingly, the details of transactions with Maersk Line A/S during past five years are as follows:

	Amount in Rupees Million				
Particulars	**Year ended 31st Dec 2012**	**Year ended 31st Dec 2013**	**15 Months Period ended 31st March 2015**	**Year ended 31st Mar 2016**	**Year ended 31st Mar 2017**
Revenue from Operations	4,160.33	5,179.35	8,670.27	6,599.55	6,831.04
Revenue from Maersk Line	909.95	898.57	1,798.43	1,213.03	1,184.30
% of Total Revenue from Operations	22%	17%	21%	18%	17%

Considering the past trend, it is expected that the aggregate amount of transactions with Maersk Line A/S would qualify as Material Transaction in terms of the provisions of the Regulations and requires shareholder's approval by way of an Ordinary Resolution. The said transaction has been duly approved by the Audit Committee.

Further, disclosures in connection with the Related Party Transaction/ Contract are:

Name of the Related Party	Maersk Line A/S
Name of the Director or Key Managerial Personnel who are related, if any	None
Nature of relationship	Group Company, a Related Party as per Regulation 23 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015
Nature and Particulars of Contract	Rendering of Services related to Port Operations. These transactions are in the ordinary course of business and are conducted at an arm's length basis.
Material Terms	As a customer Maersk Line A/S shall pay the port related charges as per published tariff and subject to discount based on volume handled
Monetary Value	The exact amount of contract/ transaction per annum depends on the volume and vessel calls handled and therefore cannot be estimated. However, based on past actual data as mentioned above, we expect the value of transactions to exceed the threshold limit of 10% of the total consolidated turnover of the Company.
Period of Contract	1st April 2017 to 31st March 2020

The above Related Party Transaction being in the ordinary course of business, at an arms' length basis and in accordance with the Company's Policy on Related Party Transactions, the requirement of shareholders' approval as contemplated under Section 188 of the Companies Act, 2013, is not applicable. However, the said transaction being Material Related Party Transaction, shareholders' approval is sought under Regulation 23(4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 by way of an Ordinary Resolution.

The Board of Directors recommend for your approval, the Ordinary Resolution as set out in Item no. 7 of this Notice.

None of the Directors/ Key Managerial Personnel of the Company/ their respective relatives are interested in the resolution as set out in Item no. 7 of this Notice. Since this matter pertains to the transactions with Related Party as defined under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, none of the Related Parties shall be entitled to vote on the resolution.

p. DISCLOSURE UNDER SECTION 67(3) OF THE COMPANIES ACT, 2013:

During the year under review, there were no instances of non-exercising of voting rights in respect of shares purchased directly by employees under a scheme pursuant to Section 67(3) of the Act read with Rule 16(4) of Companies (Share Capital and Debentures) Rules, 2014.

2. OUTLOOK:

As per the estimates released by the WTO, the world GDP is likely to be at 2.7% this year and 2.8% in the next year. The Container shipping industry is expecting the global container trade to grow by 2%. In view of subdued growth in global trade, the shipping lines are expected to reduce/ rationalize the capacity in various trades to align with global supply and demand requirements.

The Container market on the West coast in India has increased by about 6% largely driven by strong imports. India is amongst the very few global markets reporting the growth numbers. The growth trend in imports is expected to continue during the current year while the exports remain under pressure.

The dry bulk cargo comprises import of Coal and Fertiliser. Coal imports have been witnessing consistent decrease in volumes due to better availability of domestic coal and also because of the Government's focus on promoting clean renewable energy through wind and solar power. The Fertiliser imports remain volatile depending upon the monsoon and the availability of the fertiliser stock in the domestic market. Moreover the compulsory Neem coating is also likely to reduce the imports.

Liquid cargo mainly LPG and RORO are the two promising areas. The Government's initiative of providing LPG connection in the rural areas is likely to increase the LPG imports. With Gujarat developing into an Auto Hub, the car exports from Gujarat has been doing well.

3. RISKS AND AREAS OF CONCERN:

The global trade is faced with two main areas of uncertainties, one the policy changes that the US Administration might implement in the near future and two the impact of UK's exit from the European Union. Any adverse movement in any of these two events is likely to impact the growth in the trade and impact the shipping lines. In India, the imports have been strong and are likely to maintain the trend. In case of below normal monsoon in the coming season, it could have an adverse impact on the consumption pattern in the rural areas.

6. AUDITORS AND REPORTS:

The matters related to Auditors and their Reports are as under:

a. OBSERVATIONS OF STATUTORY AUDITORS ON ACCOUNTS FOR THE YEAR ENDED 31ST MARCH 2017:

There are no Audit Observations on the Standalone Financial Statements of the Company for the year ended 31st March 2017.

The Statutory Auditors have made an observation in their Audit Report for the Consolidated Financial Statements of the Company for the year ended 31st March 2017 in Clause 7(a) and (b) of their Report as follows:

Basis for Qualified Opinion

6(a) The consolidated Ind AS financial statements include the Company's share of net profit of Rs. 361.19 million, based on unaudited Ind AS financial statements as at and for the year ended 31 March 2017 in respect of its associate company not audited by us. Further the comparative consolidated Ind AS financial information for the year ended 31 March 2016 included in these consolidated Ind AS financial statements include Ind AS financial information of the associate company not audited by us. The Ind AS financial statement as at and for the year ended 31 March 2017 and the comparative Ind AS financial information as at and for the year ended 31 March 2016 in respect of the associate company is pending audit by their auditors. Our opinion on the consolidated Ind AS financial statements insofar as it relates to the amounts and disclosures included for the year ended on 31 March 2017 in respect of this associate company is based solely on such Ind AS financial information of the associate company for the year ended on 31 March 2017, as furnished to us by the Management of the Company.

(b) Further, pending the audit of the associate company for the year ended on 31 March 2017 by their auditors, we are unable to report on the adequacy of the internal financial controls over financial reporting and operating effectiveness of such controls of the associate company incorporated in India as required to be reported by us.

In this connection the Board of Directors would like to state that the Company holds 38.8% shares in Pipavav Railway Corporation Limited (PRCL) and in view of the provisions of Section 2(6) of the Companies Act, 2013, PRCL is an Associate Company. PRCL's more than 50% shareholding is held by Government/ Public Sector Undertakings. So PRCL is required to accomplish Statutory Audit followed with the CAG Audit. As on the date of this Report PRCL's audit is currently in progress and the Audited Ind AS Financial Statements are yet to be released. Therefore the Company has prepared its Consolidated Ind AS Financial Statement based on Unaudited Ind AS financial statements provided by the PRCL Management.

b. SECRETARIAL AUDIT REPORT FOR THE YEAR ENDED 31ST MARCH 2017:

Provisions of Section 204 read with Section 134(3) of the Companies Act, 2013, mandates to obtain Secretarial Audit Report from Practicing Company Secretary. Accordingly M/s Rathi and Associates, Company Secretaries have issued the Secretarial Audit Report for the year ended 31st March 2017.

The Secretarial Audit Report issued in Form MR-3 forms part of this report. The said report does not contain any observation or qualification requiring explanation or comments from the Board under Section 134(3) of the Companies Act, 2013.

c. RATIFICATION OF APPOINTMENT OF AUDITORS:

Pursuant to the provisions of Section 139 of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014, M/s Price Waterhouse Chartered Accountants LLP have been appointed as the Statutory Auditors of the Company for a period of five years in the Annual General Meeting held on 30th July 2015 subject to ratification of their appointment by the Members at every Annual General Meeting.

The matter for ratification of appointment of the said Auditors is included in the Notice of AGM.

d. COST AUDITORS:

The Company is engaged in providing Port Services and as per Notification dated 31st December 2014 issued by the Ministry of Corporate Affairs pursuant to Section 148 of the Companies Act, 2013 the Company is not required to appoint Cost Auditors.

7. OTHER DISCLOSURES:

Other disclosures as per provisions of Section 134 of the Act read with Companies (Accounts) Rules, 2014 are furnished as under:

a. EXTRACT OF ANNUAL RETURN:

Pursuant to the provisions of Section 134(3)(a) of the Companies Act, 2013, Extract of the Annual Return for the year ended 31st March 2017 made under the provisions of Section 92(3) of the Act is attached as Annexure B to this Report.

b. CONSERVATION OF ENERGY, TECHNOLOGY ABSORPTION AND FOREIGN EXCHANGE EARNINGS AND OUTGO:

The Company is engaged in the business of developing and operating a Port, Cargo handling incidental to Water Transport. Considering the nature of business activity, the particulars regarding conservation of energy and technology absorption as required under the provisions of Section 134(3) (m) of the Companies Act, 2013 read with Rule 8 of the Companies (Accounts) Rules, 2014 are not applicable and have not been included.

c. REMUNERATION PAYABLE BY COMPANIES HAVING NO PROFIT OR INADEQUATE PROFIT (in terms of Section II of Schedule V):

SECRETARIAL AUDIT REPORT

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

FOR THE FINANCIAL YEAR ENDED 31ST MARCH 2017

To,
The Members
Gujarat Pipavav Port Limited
Pipavav Port
At Post Ucchaiya via-Rajula, Amreli
Gujarat 365 560

Dear Sirs,

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practice by **Gujarat Pipavav Port Limited** (hereinafter called **"the Company"**). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's Books, Papers, Minutes Books, Forms and Returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has, during the financial year ended 31st March, 2017, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. We have examined the books, papers, minute books, forms and returns filed and other records maintained by Gujarat Pipavav Port Limited ("the Company") as given in **Annexure I**, for the financial year ended on 31st March, 2017, according to the provisions of:

   (i) The Companies Act, 2013 (the Act) and the rules made there under to the extent applicable;

   (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;

   (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;

   (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment;

   (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

   i. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;

   ii. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;

   iii. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

2. Provisions of the following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') were not applicable to the Company under the financial year under report:-

   i. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;

   ii. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and

   iii. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;

   iv. The Securities and Exchange Board of India (Registrars to a Issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with client;

   v. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) guidelines, 1999;

   vi. The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;

3. We further report that, having regard to the compliance system prevailing in the Company and on examination of the relevant documents and records in pursuance thereof, on test- check basis, the Company has complied with other Acts, Laws and Regulations applicable specifically to the Company as per the list given in **Annexure – II**.

We have also examined compliance with the applicable clauses of Secretarial Standards issued by The Institute of Company Secretaries of India under the provisions of Companies Act, 2013.

During the financial year under report, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above subject to the fact that the consolidated financial statements of the Company for the year ended 31st March, 2016 were prepared on the basis of unaudited financial statements of Pipavav Railway Corporation Limited, an Associate Company, for the year ended on that date.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. MANAGEMENT DISCUSSION AND ANALYSIS

For the year ended 31st March 2017

Introduction

The Company is presenting its first Ind AS compliant financial statements as per the requirement under the Companies Act and SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Accordingly, the previous year's figures have been re-grouped wherever applicable.

The following discussion and analysis of the financial performance and activity of Gujarat Pipavav Port Limited is intended to provide an analysis of the business and the financial statements for the year under review, with selected comparative information for the year ended 31 March 2016. This section has been prepared by the Management of Gujarat Pipavav Port Limited (referred to as "APM Terminals Pipavav" or "the Port" or "the Company") and should be read in conjunction with the financial statements and the notes thereon, which follow the section.

The Company holds 38.8% shares in Pipavav Railway Corporation Limited (PRCL) and in view of the provisions of Section 2(6) of the Companies Act, 2013, PRCL is an Associate Company and pursuant to the provisions of Section 129 of the Act, its accounts are to be consolidated with the Company's accounts. More than 50% of PRCL's shareholding is held by Government/ Public Sector Undertakings so PRCL is required to accomplish Statutory Audit followed with the CAG Audit. As on the date of this Report PRCL's Audited Financial Statements are not available, therefore the Company has prepared its Consolidated Financial Statement based on Unaudited financial statements provided by the PRCL Management.

The financial statements have been prepared on Going Concern basis and on Accrual basis of Accounting under the Historical Cost Convention and in accordance with Ind AS.

Background

APM Terminals Pipavav, India's first private sector port, operates an all-weather port located on the Southwest coast of Gujarat at a distance of 140 kms Southwest of Bhavnagar and around 152 nautical miles Northwest of Mumbai. The port lies on a strategic international maritime trade route which connects India with the Far East, Middle East, Africa, Europe and the US. The Port's Container handling capacity is 1.35 Million TEUs. The Bulk Cargo capacity is approximately 4 to 5 Million MT per annum depending on cargo mix and Liquid Cargo capacity is approximately 2 Million MT per annum. The Container berth is also used for handling the RORO vessels.

APM Terminals is the Lead Promoter and holds 43.01% of the total shareholding of the Company. APM Terminals operates a Global Terminal Network of 20,000 employees serving 76 Port and Terminal facilities in 41 countries and 103 Inland Services Operations in 38 Countries around the Globe. It provides Port Management and Operations to over 60 Liner Shipping Companies which serve the world's leading Importers and Exporters.

Economy & Port Sector

The WTO is forecasting that global trade is expected to grow at ~2.4% in 2017. However, the uncertainty about near-term economic and policy developments raise the risk. The international trade has the potential to strengthen global growth if the movement of goods and supply of services across borders remains largely unfettered. However, if policymakers attempt to address job losses at home with severe restrictions on imports, trade cannot help boost growth and may even constitute a drag on the recovery. The WTO advises that the unpredictable direction of the global economy in the near term and the lack of clarity about action on monetary, fiscal and trade policies by various governments with tighter fiscal policies and the imposition of measures to curtail trade could all undermine higher trade growth over the next two years. The WTO expects the global GDP growth at 2.7% in 2017 and 2.8% in 2018. While there are reasonable expectations that such growth could be achieved, expansion along these lines would represent a significant improvement on the 2.3% GDP growth in 2016. This GDP estimate also assumes that developed economies maintain generally expansionary monetary and fiscal policies, and that developing economies continue to emerge from their recent slowdown.

The challenging market conditions for our key customers, the Global Shipping Lines, continued during the Year 2016. Since the financial crisis of Year 2008-09, the shipping industry has been impacted by both supply and demand. While too many ships were being built and not enough of them were being scrapped, the global trade also continued to slow down. Another factor that has led to excess capacity build up is that due to the drop in global fuel prices, the shipping lines are not slow-steaming their vessels. This has resulted into shorter transit time for the vessels and further increase in the capacity. All this has led to multiple years of losses and stretched Balance Sheets which saw a major carrier Hanjin go out of business, first such instance in 30 years which is a testimony to the market situation for the lines. The industry is in consolidation mode with CMA CGM completing its acquisition of Neptune Orient Lines (NOL) and two Chinese carriers COSCO and China Shipping completed their merger. Maersk Line has completed the signing of Agreement for purchase of Hamburg Süd. The other mergers and acquisitions that have been completed or are in their various stages of completion are merger of

Hapag Lloyd and UASC and merger between the three Japanese carriers namely NYK, MOL and K Line. Further, the Shipping Lines are trying to strengthen themselves by forming alliances to share the slots on the vessels. But these alliances have not been able to reduce the overall capacity so the freight rates continued their downward trend. The Shipping Lines have indicated that they plan to release surplus charter capacity by returning the charter vessels to the vessel owners. This action will lead to reduction in their operating cost and taking out some excess capacity which in turn can improve the freight rates for the carriers.

The Indian trade is showing steady growth with the Container market on West Coast that handles almost two-thirds of the country's container business, growing at about 6%. In the context of the overall global trade it is a strong number and is one of the very few growth markets but India has much larger potential to grow. AP Moller Maersk in partnership with the Confederation of Indian Industry (CII) had recently carried out an extensive study on current obstacles to Indian logistics and associated trade growth. The study found that the cost of trade in India is among the highest in the world when compared with peer countries. Indian transport and logistics costs represent 14.4% of India's Gross Domestic Product (GDP) as compared with 8% for China. The report states that there is often much debate about the direct costs of transportation and logistics, such as terminal rates, freight rates and inland transport costs, the most significant costs can be the indirect and hidden costs stemming from delays and inefficiencies. Reducing these costs is a significant source of potential savings and improved competitiveness for Indian exporters and importers. The study covered four businesses namely textiles and garments; pharmaceuticals; electronics; and auto components. The data indicated that India's indirect costs of trade (including delays, road congestion and non-essential paperwork) represent as much as 38% to 47% of total transportation and logistics costs. A reduction of these extraneous costs by 10% would create the potential for up to 5% to 8% in additional exports for the country, or $5.5 billion in additional export revenue above the current level of $63.3 billion, in these four sectors.

The Government of India's focus on 'port-led' development by bringing the industries closer to the coast and promoting water transportation is likely to considerably reduce the overall logistics cost thus improving the export competitiveness of various businesses and create more employment opportunities for the country's growing youth population. The country with its 7,500 kms long coastline covering 13 states and Union territories has vast potential for increasing the coastal trade. The Government of Gujarat has taken lead by developing an Auto Hub in the Sanand- Mehsana area and the region has already commenced Export of cars. The sector shows strong promise of growth opportunity from the State. This can be a good example for other industries to take lead and set up their manufacturing base in Dholera, the State Government's project for port based development. The Non-major ports in Gujarat have an edge over Major ports due to better draft and availability of larger Handling as well as Evacuation capacity. Such efficiencies can contribute to the export competitiveness of businesses.

In the case of Dry Bulk cargo, Coal and Fertiliser are the two main commodities imported in the country and Iron Ore is exported but mainly from Eastern part of the country. The Coal Imports continue to witness reduction due to improved availability of Domestic Coal and the Government's focus on encouraging renewable energy sector. The cost per unit for solar power is cost competitive and provides clean power. All this has consistently contributed in lower coal imports over last few years. The Fertilizer imports have been subdued because of the availability of the stock but there is always a seasonal fluctuation in the demand and import of the cargo. The Government's initiative of directing all the Ports handling imported fertilizer to carry out compulsory coating of Neem on the cargo in order to prevent its misuse and ensure that the subsidized commodity is indeed used only for the agricultural purpose could also be the reason for reduced imports.

Operations Review

Container volume throughput for the year ended 31 March 2017 was 663,380 TEUs compared to 694,614 TEUs in the previous year. The reduction in volume has been mainly on account of the shift of one service from the port, discontinuance of one service and Hanjin going out of business.

The Dry Bulk cargo volumes at Pipavav continue to be driven primarily by Coal and Fertilizer albeit a significantly reduced Coal imports due to lower imports and the existing rail freight differential issues accentuated by every hike in rail freight. The Port handled 2.11 Million MT during the year ended 31st March 2017, compared to 2.47 Million MT during the previous year.

On Liquid cargo front, the Port handled over about 685,960 MT during 31st March 2017 compared to 706,877 MT during the year ended 31st March 2016. The volume has been led mainly by the LPG imports with the Government's focus on providing LPG gas connection in the rural areas of the country.

The RORO business continues to be promising as the Port handled 83,607 cars during 31st March 2017 against 19,644 cars after commencing the business in August 2015 in the previous financial year. With the Government's focus on the costal movement of cargo, movement of cars through costal route has a huge potential which can reduce the pressure on roads.

The lower diesel prices and repeated increase in the rail freight had put Indian Railways at a disadvantage compared to the trucks for freight movement. The initiatives by Railways is likely to reverse this trend slowly and steadily which is faster and environment friendly mode of transport.

Financial Review

Dividend declared/ recommended and the Dividend Policy

During the year under review, the Board of Directors had declared and paid an Interim Dividend of Rs. 2.00 per share in November 2016 and now recommend a Final Dividend of Rs. 1.80 per share subject to the approval by the Members in the Company's Annual General Meeting proposed for Thursday 10th August 2017.

The Company's Dividend Policy states as follows:

Dividend is the Company's primary distribution of profits to its Shareholders. The Company's objective is to sustain a steady and consistent distribution of profits, by way of Dividend, to its Shareholders while considering the following:

(a) The circumstances under which the shareholders can or cannot expect dividend

The Company shall endeavour to pay Dividend to its shareholders in a steady and consistent manner except the following circumstances:

(i) During no growth or weak growth in the trade requiring the Company to retain its earnings to be able to absorb unfavourable market conditions and for meeting the business requirements;

(ii) To meet its funding requirements for expansion and growth;

(iii) The Company's Joint Venture with Indian Railways, Pipavav Railway Corporation Limited requires equity infusion from its shareholders.

During such times the Company may decide to retain the earnings instead of distributing to the shareholders. The distribution of Dividend can be by way of Interim Dividend and/or by way of Final Dividend.

(b) The financial parameters that will be considered while declaring dividend

The Company shall consider the following parameters while declaring dividend:

i) Current year's profit:

a) after setting off carried over previous losses, if any;

b) after providing for depreciation in accordance with the provisions of Schedule II of the Act;

c) after transferring to reserves such amount as may be prescribed or as may be otherwise considered appropriate by the Board at its discretion.

ii) The profits for any previous financial year(s):

a) after providing for depreciation in accordance with law;

b) remaining undistributed; or

iii) out of (i) or (ii) or both.

In computing the above, the Board may at its discretion, subject to provisions of the law, exclude any or all of (i) extraordinary and exceptional income, generated from activities other than regular business (ii) extraordinary charges (iii) exceptional charges (iv) one off charges on account of change in law or rules or accounting policies or accounting standards (v) provisions or write offs on account of impairment in investments (long term or short term) (vi) noncash charges pertaining to amortization or ESOP or resulting from change in accounting policies or accounting standards.

(c) Internal and External factors that would be considered for declaration of dividend

The Company's Board shall always consider various Internal and External factors while considering the quantum for declaration of dividend such as the overall Economic scenario of the country, the Export Import trade of the country, the statutory and regulatory provisions, the Company's own performance, its profitability, its growth plans, the performance and funding requirements of its joint venture Rail Company and such other factors as may be deemed fit by the Board.

(d) Policy as to how the retained earnings will be utilised

The retained earnings would mainly be utilised for the purpose of the Company's growth plans, the funding requirements of its joint venture Rail Company and for all such activities that in the Board's opinion shall enhance the shareholder's value.

(e) Provisions with regard to various classes of shares

The Company currently has only one class of shares namely Equity shares. In case the Company issues any other class of shares, this Policy shall be modified suitably for stipulating the parameters for distribution of dividend to all classes of shares.

Financial Results

As mentioned hereinabove, the Company has for the first time presented the Ind AS compliant financial statements as per the requirement under SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Accordingly, the previous year's figures have been re-grouped wherever applicable.

The Company's Revenue from Operations consists of Income from Port Services and Other Operating Income. Total Revenue from Operations for the year ended 31st March 2017 was Rs. 6,831.04 Million against Rs. 6,599.54 during the year ended 31st March, 2016.

Income from Port Services consists of Income from Marine Services, Container & Cargo Handling, Storage services as well value-added Port Services. Income from Port Services totaled Rs. 6,233.20 Million for the year ended 31st March 2017 compared to Rs. 6,049.04 Million for the year ended 31st March 2016, driven mainly by increase in RORO exports and improvement in realization.

Other Operating Income comprises lease rentals from sub-leasing of land to various Port users and other incidental Income from Operations. Other Operating Income marginally increased to Rs. 597.84 Million for the year ended 31st March 2017 from Rs. 550.50 Million for the year ended 31st March 2016.

Total Expenditure consists of Operating expenses, Employee benefits, Depreciation and Other expenses. The Company incurred a Total Expenditure of Rs. 3,710.29 Million for the year ended 31st March 2017 compared to Rs. 3,812.30 Million for the year ended 31st March 2016.

Operating Expenses primarily include Equipment Hire charges, Handling expenses, Waterfront Royalty and Other direct costs. Operating expenses totaled Rs. 1,212.88 Million for the year ended 31st March 2017 against Rs. 1,320.68 Million for the year ended March 31, 2016.

EBITDA amounted to Rs. 4,539.49 Million for the year ended 31st March 2017 against Rs. 4,064.32 Million for the year ended 31st March 2016. The Margins have increased during the year due to better commodity mix, increase in liquid and RORO operations and gains from cost efficiency measures.

Dividend Income

The Company received dividend income of Rs. 38 Million during the year from its Associate Company PRCL.

Other Income

Other Income consists Dividend Income from PRCL, Interest on short-term bank deposits, Gain or Loss from foreign exchange and other Miscellaneous Income. The Other Income was Rs. 353.59 Million for the year ended 31st March 2017 compared to Rs. 303.69 Million in the previous year.

Debt

The Company continues to be debt free and is in a position to leverage its strong Balance Sheet for future growth opportunities as and when they arise depending upon the market conditions.

Deferred Tax Liability

The Company has been assessing its Deferred Tax position at each Balance Sheet date. Until prior to the year ended 31st March 2016, the Company had Net Deferred Tax Asset position mainly due to carried forward tax losses of earlier years. The carried forward tax losses reduced significantly and the position of Deferred Tax Asset changed to Deferred Tax Liability during 31st March 2016, mainly constituting the timing difference of book depreciation and tax depreciation. Accordingly, the Company has started recording the Tax charge. During the year ended 31st March 2017 it was Rs. 971.19 Million compared to Rs. 1,177.50 Million in the previous year. As mentioned herein above, with adoption of Ind AS for the first time, the previous year's figures have been re-aligned.

The Company is under Tax Holiday as per Section 80IA of the Income Tax Act, until 31st March 2017 and has paid the Minimum Alternate Tax (MAT) on its book profits.

Net Profit

The Company has reported a Net Profit of Rs. 2, 499.12 Million for the year ended 31st March 2017 as against Rs. 1,911.84 Million for year ended 31st March, 2016.

Risk Management and Internal Control

The SEBI Listing Regulations stipulate Top 100 companies to constitute a Risk Management Committee of the Board. But the Company has voluntarily set up a Board Sub-committee for review of the Risks and the Committee is responsible for advising the

Board on high-level risk related matters. The Committee oversees the identification, mitigation and monitoring of the Company's material risks and exposures. The Risk Register provides a consistent and measurable management assurance metric on the broad risks involved and its impact on Company's objectives. The Risk Register is also reviewed by the Audit Committee and Minutes of the Risk Committee are presented to the Audit Committee and the Board.

The Board has the overall responsibility to maintain a sound and effective internal control environment. The Company has put in place an internal control framework commensurate to the size of its business and it encompasses both robust internal controls, and an efficient and effective internal control monitoring and reporting system. The Audit Committee on behalf of the Board reviews the adequacy and integrity of the Company's internal control system. A firm of Independent Internal Auditors Mukesh M Shah & Co. Chartered Accountants, is retained to also review the Internal Controls. The Internal Auditors directly report to the Audit Committee of the Company.

The Statutory Auditors have reviewed the Internal Financial Controls, their adequacy and have found them in order and the Internal Auditors have reviewed the Business and Operational Control measures and their adequacy from time to time. Wherever suggested by the Auditors, the improved control measures have been implemented and their functioning is reviewed from time to time.

APM Terminals Group's initiatives, the Audit Questionnaire (AQ) and the Control Manual are the overarching framework that sets out the Company's approach to internal controls. It aims to bring in a certain discipline and consistency in the way activities are carried out on a daily basis. Looking at fraud prevention and reliable reporting through the lens of finance, these provide guidance to all departments on the minimum required controls in relation to a process flow. The Company has been consistently rated amongst the top APM Terminals entities within the Portfolio towards the effectiveness and maturity levels of the internal control measures commensurate to the size and nature of the business.

Health, Safety, Security and Environment (HSSE)

APM Terminals is committed to improving Safety performance at its Ports/Terminals and Inland Service locations. The Group's commitment to Safety has four underlying fundamental principles – *Safety is the license to operate; has no hierarchy, it means no compromise and all companies should be actively committed to it*. Facilities where APM Terminals has Operational Control have implemented Global Operational Standards for Safety, a set of Minimum Controls developed to manage the Top five risks identified to be related to 90% of the most serious incidents and fatalities occurring in APM Terminals namely, Transportation, Suspended loads & lifting, Working at height, Stored energy, and Control of Contractors.

As a part of the Global initiative by APM Terminals all terminals within its portfolio observe Global Safety Day. This year too the Global Safety Day was observed from 17th to 20th April 2017. The theme was "24/7 SAFE" with focus on night operations and night shifts. The port conducted several programmes during the period including Safety Skit followed by Spot Quiz performed by various departments, Conducting tool box meeting and organizing Safety Walk. The families of the employees were also involved in the programme by organizing a Drawing Competition for the kids with Safety as a theme, Organising of the Photography contest and Skits by the ladies. The event closed with winners being awarded by the Managing Director and the Executive Team members of the Company followed by an address by the Managing Director to all the employees and their families. The entire event was very well received and appreciated by the employees and their families, the Company's Contractors and their employees as it demonstrates the Company's commitment to the Safety and Security of all its stakeholders.

Corporate Social Responsibility (CSR)

APM Terminals Pipavav sees CSR as an integrated part of the way the Company does business. In order to provide a meaningful change and contribution to the local communities and to support community development, the Port carries out a need based assessment before taking up any initiative so that the activity once implemented is well received by the local community.

The Company has formulated policies for social development that are based on the following guiding principles:

- Adopt an approach that aims at achieving a greater balance between social development and economic development;
- Adopt new measures to accelerate and ensure the basic needs of all people including health and sanitation and working towards elimination of barriers for the social inclusion of disadvantaged groups;
- Focus on educating the girl child and the underprivileged by providing appropriate infrastructure, and groom them as future value creators;
- Assist in skill development by providing direction and technical expertise to the vulnerable with special focus on women thereby empowering them towards a dignified and better quality life;
- Promote an inclusive work culture;
- Work towards generating awareness for creating public infrastructure that is barrier free, inclusive and enabling for all including the elderly and the disabled;

- Employee participation is an important part of developing responsible citizenship. Our company encourages and motivates employees to spend time volunteering on issues pertaining to CSR;
- At the time of local or national crisis, to respond to emergency situations & disasters by providing timely help to affected victims and their families.

Our Core Focus Areas are:

- Education
- Health & Environment Sustainability
- Socio Economic Development and Social Business Projects
- Women Empowerment

During the year ended 31 March 2017 some of the key CSR Projects carried out were:

- Supply of Education Material, Upgradation of school infrastructure
- Organising Health Camps, Provide Bio Gas units, Safety & Environment awareness courses
- Conducting Skill Development for women
- Animal Husbandry Development Programme, Construction of sanitation units, Providing clean drinking water

Outlook

As per the forecast by IMF, India’s growth forecast for 2017-18 is expected to be 7.2% after reducing it by 0.4% mainly due to the short term negative consumption from the cash shortage. The weather bureau is expecting near normal monsoon during the current year which can also improve the rural economy and the overall GDP of the country.

The shipping industry is going through the consolidation process which should remove some overcapacity in the short and medium term. Also the alliances by Shipping Lines are being firmed up to share slots on the vessels in their attempt to reduce the per unit cost. The Lines are also planning to return the excess Charter capacity to the ship owners. All these initiatives by the Lines should hopefully provide them some relief.

Human Resources/ Industrial Relations

As part of the overall Global policy, APM Terminals requires all the Employees to participate in its Annual Employee Engagement Survey which is carried out entirely in confidence by an External Agency to understand the requirements at each Port/Terminal. Based on the results of the survey, feedback is provided to the Management of APM Terminals which in turn is intimated to the respective Port/ Terminal Management for necessary action.

The survey score of APM Terminals Pipavav places it amongst the top quartile. The Company has about 503 employees and the Management encourages them to provide feedback in all the areas in order to carry out the necessary improvements on an ongoing basis in an effort to make the Company a better place to work.

APM Terminals globally also conducts an Annual Customer and Third Party Satisfaction Survey for all its 76 Ports/ Terminals within the Portfolio. The Survey evaluates the performance by the respective Port/Terminal in various areas of Commercial and Operational parameters. APM Terminals Pipavav has in the Survey consistently achieved high scores and has maintained its position amongst the Top Quartile.

Cautionary Statement

Certain statements found in the Management Discussion and Analysis may constitute “forward-looking statements” within the meaning of applicable Securities Laws and Regulations. Various Committees of the Board of Directors

1. Audit Committee

The Audit Committee of the Company is constituted as per Regulation 18 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read with Section 177 of the Companies Act, 2013. The Committee comprises 4 Non-Executive Directors out of which 3 including the Chairman are Independent.

The Audit Committee held discussions with the Statutory Auditors as well as Internal Auditors regarding the Company's accounts, its internal control systems and reviewed the quarterly reports of Internal Auditor.

The Audit Committee reviewed the information mentioned in Part C of Schedule II of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Its Terms of Reference inter alia include the following:

- To monitor the integrity of the financial statements of the company, and any formal announcements relating to the company's financial performance
- To review the company's internal financial controls and the company's internal control and risk management systems
- To monitor and review the effectiveness of the company's internal audit function
- To make recommendations to the board, for it to put to the shareholders for their approval in general meeting, in relation to the appointment, re-appointment and removal of the external auditor and to approve the remuneration and terms of engagement of the external auditor
- To review and monitor the external auditors' independence and objectivity and the effectiveness of the audit process, taking into considerations relevant professional and regulatory requirements
- To develop and implement policy on the engagement of the external auditor to supply non-audit services, taking into account the safeguarding of auditor objectivity and independence
- The audit committee shall be provided with sufficient resources to undertake its duties and have access to the services of the company secretariat on all audit committee matters including: assisting the chairman in planning the audit committee's work, drawing up meeting agendas, maintenance of minutes, drafting of material about its activities, collection and distribution of information and provision of any practical support.

- The board shall make necessary funds available to the audit committee to enable it to take independent legal, accounting or other advice when the audit committee reasonably believes it necessary to do so.
- The audit committee shall hear the views of the external auditors before forwarding the annual accounts to the board for approval.
- Considering the name of the auditor in context of their independence (particularly with reference to any other non audit services), fee and terms of engagement and recommending its name to the board for putting before AGM for appointment.
- Reviewing the audit plan and results of the audit and as to whether auditors have full access to all relevant documents.
- Checking financial fraud particularly fictitious and fraudulent portions of the financial statement. They should put in place an appropriate system to ensure adoption of appropriate accounting policies and principles leading to fairness in financial statements.
- Oversight of the internal audit function in general and with particular reference to reviewing of scope of internal audit plan for the year, reviewing the reports of internal auditors pertaining to critical areas, reviewing the efficacy of internal auditing and reviewing as to whether internal auditors have full access to all relevant documents.
- Oversight of the adequacy of the internal control system through the regular reports of the internal and external auditors. They may appoint external consultants if the need arose.
- Oversight of the financial statements in general and with particular reference to review of annual and quarterly financial statements before issue, review of qualifications in the draft financial statements and discussion of accounting principles. In particular, change in accounting principles and accounting estimates in comparison to previous year, any adoption of new accounting policy, any departure from Indian Accounting Standards (Ind AS) and non-compliance with disclosure requirements prescribed should be critically reviewed.
- Serving as a channel of communication between external auditors and the board and also internal auditors and the board.
- Reviewing risk management policies and looking into the reasons of defaults in payment obligations of the company if any
- Reviewing proposed specific transactions with related parties for making suitable recommendations to the board.
- While the audit committee has the responsibilities and powers set forth in this manual, it is not the duty of the audit committee to plan or conduct audits or to ensure that the company's financial statements are complete and accurate and are in accordance with the generally accepted accounting principles.
- Management is responsible for the preparation, presentation, and integrity of the company's financial statements, for the appropriateness of the accounting principles and reporting policies that are used by the company. The independent auditors are responsible for auditing the company's financial statements and when requoted, for reviewing the company's un-audited interim financial statements.

ANNEXURE A TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph 11(f) of the Independent Auditors' Report of even date to the members of Gujarat Pipavav Port Limited on the standalone Ind AS financial statements as at and for the year ended 31 March 2017

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of Gujarat Pipavav Port Limited ("the Company") as of 31 March 2017 in conjunction with our audit of the standalone Ind AS financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Ind AS financial statements, whether due to fraud or error.

5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Ind AS financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Ind AS financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the Ind AS financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31 March 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

ANNEXURE B TO INDEPENDENT AUDITORS' REPORT

Referred to in paragraph [10] of the Independent Auditors' Report of even date to the members of Gujarat Pipavav Port Limited on the standalone Ind AS financial statements as at and for the year ended 31 March 2017.

i. (a) The Company is maintaining proper records showing full particulars, including quantitative details and situation, of fixed assets.

(b) The fixed assets are physically verified by the Management according to a phased programme designed to cover all the items over a period of 3 years which, in our opinion, is reasonable having regard to the size of the Company and the nature of its assets. Pursuant to the programme, a portion of the fixed assets has been physically verified by the Management during the year and no material discrepancies have been noticed on such verification.

(c) The title deeds of immovable properties, other than self constructed properties, as disclosed in Property Plant and Equipment Note 3(a) to the Ind AS financial statements, are held in the name of the Company, except for a free hold land of gross and net book value of Rs. 1.47 million registered in the name of Associate Company - Pipavav Railway Corporation Limited.

ii. The physical verification of inventory have been conducted at reasonable intervals by the Management during the year. The discrepancies noticed on physical verification of inventory as compared to book records were not material.

iii. The Company has not granted any loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or other parties covered in the register maintained under Section 189 of the Act. Therefore, the provisions of Clause 3(iii)(a), (iii)(b) and (iii)(c) of the said Order are not applicable to the Company.

iv. The Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under Section 185 and 186. Therefore, the provisions of Clause 3(iv) of the said Order are not applicable to the Company.

v. The Company has not accepted any deposits from the public within the meaning of Sections 73, 74, 75 and 76 of the Act and the Rules framed there under to the extent notified.

vi. The Central Government of India has not specified the maintenance of cost records under sub-section (1) of Section 148 of the Act for any of the products of the Company.

vii. (a) According to the information and explanations given to us and the records of the Company examined by us, in our opinion, the Company is generally regular in depositing undisputed statutory dues in respect of professional tax, provident fund, income tax, service tax, value added tax and cess though there has been a slight delay in a few cases, and is regular in depositing undisputed statutory dues, including duty of customs, duty of excise, and other material statutory dues, as applicable, with the appropriate authorities.

(b) According to the information and explanations given to us and the records of the Company examined by us, there are no dues of sales-tax, duty of customs, duty of excise and value added tax which have not been deposited on account of any dispute. The particulars of dues of service tax and income tax as at 31 March 2017 which have not been deposited on account of a dispute, are as follows:

Name of the statute	Nature of dues	Amount (Rs in million)	Period to which the amount relates (Financial year)	Forum where the dispute is pending
Income tax Act, 1961	Tax deducted at source	6.50	2005-06	Commissioner of Income Tax appeals
Income tax Act, 1961	Tax deducted at source	2.69	2006-07 and 2007-08	Income Tax Appellate Tribunal
Income tax Act, 1961	Tax deducted at source	2.66	2007-08 to 2008-09 and 2010-11 to 2016-17	Assessing Officer
Finance Act, 1994	Service Tax	37.66	2008-09 and 2010-11	Customs, Excise and Service Tax Appellate Tribunal

viii. As the Company does not have any loans or borrowings from any financial institution or bank or Government, nor has it issued any debentures as at the balance sheet date, the provisions of Clause 3(viii) of the Order are not applicable to the Company.

ix. The Company has not raised any moneys by way of initial public offer, further public offer (including debt instruments) and term loans during the year. Accordingly, the provisions of Clause 3(ix) of the Order are not applicable to the Company.

x. During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India, and according to the information and explanations given to us, we have neither come across any instance of material fraud by the Company or on the Company by its officers or employees, noticed or reported during the year, nor have we been informed of any such case by the Management.

xi. The Company has paid/ provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of Section 197 read with Schedule V to the Act.

xii As the Company is not a Nidhi Company and the Nidhi Rules, 2014 are not applicable to it, the provisions of Clause 3(xii) of the Order are not applicable to the Company.

xiii. The Company has entered into transactions with related parties in compliance with the provisions of Sections 177 and 188 of the Act. The details of such related party transactions have been disclosed in the Ind AS financial statements as required under Indian Accounting Standard (Ind AS) 24, Related Party Disclosures specified under Section 133 of the Act, read with Companies (Indian Accounting Standard) Rules, 2015.

xiv. The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review. Accordingly, the provisions of Clause 3(xiv) of the Order are not applicable to the Company.

xv. The Company has not entered into any non cash transactions with its directors or persons connected with him. Accordingly, the provisions of Clause 3(xv) of the Order are not applicable to the Company.

xvi. The Company is not required to be registered under Section 45-IA of the Reserve Bank of India Act, 1934. Accordingly, the provisions of Clause 3(xvi) of the Order are not applicable to the Company.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

1. Company overview

i. Gujarat Pipavav Port Limited, ("the Company") was incorporated on 5 August 1992 to construct, operate and maintain an all-weather port at Pipavav, District Amreli, in the State of Gujarat.

ii. The port is designed to handle bulk, container, liquid cargo and RORO and to provide port services such as marine services, material handling and storage operations.

iii. The Company has entered into a 30 year Concession Agreement with Government of Gujarat and Gujarat Maritime Board ("GMB") dated 30 September 1998 to engage in the business of developing, constructing, operating and maintaining the port on a BOOT (Build Own Operate Transfer) basis.

iv. During the year 2005, AP Moller-Maersk group together with certain financial investors acquired the complete shareholdings held by the original promoter viz. Seaking Infrastructure Limited ("SKIL") group, on receipt of approval from Government of Gujarat, and Gujarat Maritime Board. Accordingly, AP Moller-Maersk group became the key promoter of the Company under the Concession agreement.

v. Pursuant to the approval of the shareholders of the Company in an extra ordinary general meeting held on 17 November 2009, the Company has issued and allotted through Initial Public Offering (IPO) 108,695,652 equity shares of INR 10 each at a premium of INR 36 per share aggregating to a total of INR 5,000 million to all categories of investors. The issue was made in accordance with the terms of the Company's prospectus dated 30 August 2010 and the shares got listed on 9 September 2010 on Bombay Stock Exchange and National Stock Exchange.

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1. Basis of preparation of financial statements

(i) *Compliance with Ind AS*

The financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The financial statements up to year ended 31 March 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act.

These financial statements for the year ended 31 March 2017 are Company's first Ind AS financial statements. Refer note 41 for changes in Company's financial position, financial performance and cash flows due to transition from previous GAAP to Ind AS.

(ii) *Historical cost convention*

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities and contingent consideration that is measured at fair value ; and
- defined benefit plans – plan assets measured at fair value

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.2. Use of estimates:

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the financial statements. Actual results could differ from

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in the accounting period in which such revision takes place.

2.3. *Segment reporting*

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

Managing Director and Chief Financial Officer of the Company are the chief operating decision makers. Refer note 38 for segment information presented.

2.4. *Foreign currency transactions*

Items included in the financial statements are measured using the currency of the primary economic environment in which the Company operates (‘the functional currency’). The financial statements are presented in Indian rupee (INR), which is Company’s functional and presentation currency.

Foreign currency transactions are recorded in Indian rupees using the rates prevailing on the date of the respective transactions. Exchange differences arising on foreign currency transactions settled during the period are recognised in the Statement of Profit and Loss. Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated into Indian rupees at the closing exchange rates on that date; the resultant exchange differences are recognised in the Statement of Profit and Loss.

As at the balance sheet date non-monetary items denominated in foreign currency are carried at historical cost. All non-monetary items denominated in foreign currency are carried at historical cost or other similar valuations are reported using the exchange rate that existed when the values were determined.

2.5. *Revenue recognition*

The Company recognises revenue from rendering of services when services are rendered as per the contractual obligations, when the amount of revenue can be reliably measured and it is probable that the future economic benefits will flow to the entity.

Revenue is measured at the fair value of the consideration received or receivable. The amount disclosed as revenue is exclusive of service tax, education cess and net of trade allowance and rebates wherever applicable.

Interest income on deposits with bank is recognised on a time proportion basis at applicable interest rates.

2.6. *Government Grant*

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.7. *Income taxes*

Income tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Provision for current tax is based on the results for the year ended 31 March, in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternative Tax (MAT) under the provisions of the Income Tax Act, 1961 is recognised as deferred tax. The credit available under the said Act in respect of MAT is recognised as Deferred Tax Asset only to the extent there is convincing evidence that the Company will pay income tax in future periods and MAT credit can be carried forward to set-off against the normal tax liability. MAT credit recognised as Deferred Tax Asset is reviewed at each Balance sheet date and written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal tax during the specified period.

2.8. *Leases*

As a lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature. Costs, including depreciation, incurred in earning the lease income are recognised as expenses.

2.9. *Impairment*

Assets are reviewed at each reporting date to determine if there is any indication of impairment. An impairment loss is recognised if the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit (CGU).

For the purpose of impairment testing, assets are grouped together into the smallest group of assets (CGU) that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

Impairment losses are recognised in the Statement of Profit and Loss.

If as at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists or has decreased, the assets or CGU's recoverable amount is estimated. For assets, the impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Such a reversal is recognised in the Statement of Profit and Loss.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

2.10. *Cash and cash equivalents*

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.11. *Exceptional Items*

Company recognises exceptional item when items of income and expenses within Statement of Profit and Loss from ordinary activities are such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period.

2.12. *Inventories*

Inventories comprise of stores, spares, loose tools, fuel and lubricants. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. These are carried at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of first-in first-out basis. Systematic provisioning is made for inventories held for more than a year. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.13. *Investment and Other Financial assets*

(i) *Classification*

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss) ; and
- those measured at amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Statement of Profit and Loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) *Measurement*

At initial recognition, the Company measures its financial asset at its fair value plus, in the case of financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Statement of Profit and Loss.

Equity instruments

The Company initially measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Statement of Profit and Loss.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/ (losses) in the Statement of Profit and Loss. Impairment losses and reversal of impairment losses on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) *Impairment of financial assets*

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

(iv) *Derecognition of financial assets*

A financial asset is derecognised only when

- The Company has transferred the rights to receive cash flows from the financial asset or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) *Income recognition*

Dividends are recognised in the Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its investment in equity recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the investment in equity.

2.14. *Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.15. *Property, plant and equipment*

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of items. Cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on the straight-line method, over the estimated useful life of each asset from the subsequent month of the date of purchase. Assets are depreciated as per useful life specified in Part 'C' of the schedule II of the Act. Based on internal technical evaluation following assets have a different useful life than prescribed by schedule II of the Act.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

Asset Details	Life as per Schedule II in Years	Technical Estimate in Years
Ship to Shore Cranes	15	20
Power Distribution Systems	10	15
Carpeted Roads	10	20
Jetties	Not defined	30
Dredging	Not defined	50
Boundary Wall	Not defined	20
Old Residential Complex	60	15
Marine Office Building	60	15
Warehouses	30	15
Guest houses	30	15

All assets costing individually INR 125,000 or less are depreciated fully in the year of purchase.

The useful lives are reviewed by the management at each reporting date and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the revised remaining useful life.

A fixed asset is eliminated from the financial statements on disposal or when no further benefit is expected from its use and disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Statement of Profit and Loss within other gains/(losses).

In accordance with Concession agreement all contracted immovable and movable assets shall be transferred to and shall vest in Gujarat Maritime Board ('GMB') at the end of the concession period, for consideration equivalent to the Depreciated Replacement Value (DRV). Since the DRV is currently not determinable, fixed assets are depreciated based on their estimated useful life.

2.16. ***Acquired intangible assets***

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and / or any accumulated impairment loss, if any.

Intangible assets are amortised in the Statement of Profit and Loss using the straight line method over their estimated useful lives, from the date that they are available for use. Accordingly, at present, these are being amortised on straight line basis based on the period of the licence in case of licensed software or for 3 years. Such intangible assets that are not yet available for use are tested annually for impairment.

Amortisation method and useful lives are reviewed at each reporting date. If the useful life of an asset is estimated to be significantly different from previous estimates, the amortisation period is changed accordingly.

An intangible asset is derecognised on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

2.17. ***Employee benefits***

(i) ***Short-term obligations***

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) ***Post-employment obligations***

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Company's contribution is recognised as an expense in the Statement of Profit and Loss during the period in which the employee renders the related service.

Defined benefit plan:

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The calculation of the Company's obligation under the plan is performed annually by a qualified actuary using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance sheet date.

All expenses related to defined benefit plans are recognised in employee benefits expense in the Statement of Profit and Loss. The Company recognises gains and losses on the curtailment or settlement of a defined benefit plan when the curtailment or settlement occurs.

The Company has funded its gratuity liability with Life Insurance Corporation of India (LIC) under the Group Gratuity cum Life Assurance (Cash Accumulation) Scheme.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Statement of Profit and Loss as past service cost.

(iii) ***Other Long term employee benefit obligation***

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit obligations. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method. Actuarial losses/ gains are recognised in the Statement of Profit and Loss in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

2.18. *Provisions*

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are not recognised for future operating losses.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

2.19. *Contingent liabilities*

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

2.20. *Earnings per share (EPS)*

The basic EPS is computed by dividing the net profit attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the period. Diluted EPS is computed by dividing the net profit attributable to the equity shareholders for the period by the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except where the results would be anti-dilutive.

2.21. *Dividends*

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.22. *Contributed equity*

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.23 *Investment in Associate company*

The Company carries its investments in associate at cost less impairment losses. The Company assesses at the end of each reporting period, if there are any indications that the said investment may be impaired. If so, the Company estimates the recoverable amount in accordance with policy given in 2.9.

2.24 *Financial instruments measured at fair value*

Financial instruments measured at fair value can be divided into three levels:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);

Level 3 – Inputs for the asset or liability that are not based on observable market data. Fair value of listed securities fall within level 1 of the fair value hierarchy. Non-listed shares and other securities fall within level 3 of the fair value hierarchy.

Fair value of level 3 assets and liabilities are primarily based on the present value of expected future cash flows. A reasonably possible change in the discount rate is not estimated to affect the Company's profit or equity significantly.

(iii) Risk exposure :

Though its defined benefits plan, the Company is exposed to a number of risks, the most significant of which are detailed below

Changes in bond yields

A decrease in bond yield will increase plan liabilities, although this will be partially offset by increase in the plan's bond holding

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Plan assets are invested with the Life Insurance Corporation of India Limited. It is subject to interest rate risk. The Company intends to maintain the above investments in the continuing years.

Financial instruments carried at amortised cost

Fair value of the current financial assets and current financial liabilities carried at amortised cost is not materially different from the carrying amount. In general, fair value is determined primarily based on the present value of expected future cash flows.

28. Financial risk management

The Company's activities expose it to a variety of financial risks:

(a) Credit risk

(b) Liquidity risk

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

(c) Market risk

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise the potential adverse effects on the Company's financial performance. Risk management is carried out by finance department under policies approved by the Board of Directors.

(a) *Credit risk*

The Company has exposure to financial and commercial counterparties but has no particular concentration of customers or suppliers. To minimise the credit risk, security deposits and advance payments are taken from all major customers. Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low and so trade receivables are considered to be a single class of financial assets.

Expected credit loss for trade receivables under simplified approach:

Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Management monitors Company's liquidity position and cash and cash equivalents through Quarterly rolling forecasts and on the basis of expected cash flows. Company treasury maintains flexibility in funding through committed credit lines with Financial Institution.

Maturities of financial liabilities

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date. Balances due within 12 months and more than 12 months equal their carrying balances as the impact of discounting is not significant.

As there is no committed credit facilities to meet obligations when due and to close out market positions, the Company is not exposed to liquidity risk.

(c) *Market risk*

Market risk is the risk that changes in market prices, such as foreign exchange rates, will affect the Company's profit or the value of its holdings of financial instruments. Below sensitivity analyses relate to the position of financial instruments at 31 March 2017 and 31 March 2016. It is assumed that the exchange rate sensitivities have a symmetric impact, i.e. an increase in rates results in the same absolute movement as a decrease in rates.

The sensitivity analyses show the effect on profit or loss and equity of a reasonably possible change in exchange rates and interest rates.

Foreign Currency risk

The Company is exposed to foreign exchange risk arising from foreign currency transactions, primary with respect to USD and EURO. The Company's business model incorporates assumptions on currency risk and ensures any exposure is

29. Capital Management

The Company's objective in managing its capital is to safeguard its ability to continue as a going concern and to optimize returns to our shareholders. The Company considers the following components of its Balance Sheet to be managed capital:

1) Share Capital, 2) Share Premium; and 3) Retained Earnings

The Company's capital structure is based on the Managements assessment of the balances of key elements to ensure strategic decisions and day to day activities. The capital structure of the Company is managed with a view of the overall macro-economic conditions and the risk characteristics of the underlying assets.

The Company's policy is to maintain a strong capital structure with a focus to mitigate all existing and potential risks to the Company, maintain shareholder, vendor and market confidence and sustain continuous growth and development of the Company.

The Company's focus is on keeping a strong total equity base to ensure independence, security, as well as high financial flexibility without impacting the risk profile of the Company. In order, to maintain or adjust the capital structure, the Company will take appropriate steps as may be necessary. The Company does not have any debt or financial covenants.

The Management monitors the return on capital as well as the level of dividend to shareholders. The Company goal is to continue to be able to provide return to shareholders by continuing to distribute dividends in future period. Refer the following table for the final and interim dividend declared and paid.

41. First-time adoption of Ind AS

Transition to Ind AS

These are the Company's first financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 2 have been applied in preparing the financial statements for the year ended 31 March 2017, the comparative information presented in these financial statements for the year ended 31 March 2016 and in the preparation of an opening Ind AS balance sheet at 1 April 2015 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

A.1 Ind AS optional exemption

a) ***Deemed Cost***

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

b) ***Designation of previously recognised financial instruments***

Ind AS 101 allows an entity to use the deemed cost in its opening balance sheet for investment in associate company.

Accordingly, the Company has elected to apply this exemption for its investment in equity investment.

c) ***Leases***

Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected to be not material.

The Company has elected to apply this exemption for such contracts/arrangements.

A.2 Ind AS mandatory exceptions

a) **Estimates**

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for Impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition as these were not required under previous GAAP.

b) **Classifications and measurement of financial assets**

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Consequently, the Company has applied the above assessment based on facts and circumstances exist at the transition date.

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

C. **Notes to first-time adoption :**

1. Government Grant

As stated in the Note 2, on transition to Ind AS, the Company has elected to continue with the carrying value of all of its property , plant and equipment recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment. However, in view of the Ind AS Transition Facilitation Group (ITFG) clarification bulletin dated 17 April 2017 the deemed cost of property, plant and equipment as at the transition date has been increased by INR 644.28 million being the unamortised Capital Subsidy/EPCG as on the date of the transition (Refer note 15 and 18). Consequent to the aforesaid adjustment, the Company has provided for incremental depreciation and also recognised deferred income (Refer note 20 and 24) to the extent of INR 55.65 million for the year ended 31 March 2016 on the Government grant.

2. Plant, Property and Equipment

The Company has elected to apply the optional exemption as per Ind AS 101 to measure all of its property, plant and equipment, intangible assets as per previous GAAP at carrying value. In the year 2015-16, the Company based on physical assessment and business performance and financial projections for foreseeable future had reversed impairment provision on its fixed assets. However in the view of Accounting Standard Board (ASB) clarification on 30 June 2016, when an entity elects the deemed cost on the transition date (i.e. carrying values of PPE as per the previous GAAP) as the cost of its PPE, then any accumulated depreciation and provision for impairment under previous GAAP will have no relevance. Consequently, the reversal of impairment provision of INR 604.09 million in the year 2015-16 disclosed as exceptional item under previous GAAP will have no relevance. As a result:

- Gross carrying value of PPE as at 31 March 2016 has decreased by INR 604.09 million. This has also resulted into decrease in depreciation by INR 45.85 million, and thus net impact on PPE as at 31 March 2016 is of INR 558.24 million; and
- Profit and total equity for the year ended 31 March 2016 has decreased by INR 558.24 million (exceptional item: reversal of impairment provision of INR 604.09 million less decrease in depreciation by INR 45.85 million)

3. In case of depreciation expense for the year ended 31 March 2016, the net impact of Ind AS adjustment mentioned in note 41 (C)(1) (increase in depreciation charge on Government Grant by INR 55.65 million) and 41 (C)(2) (decrease in depreciation charge by INR 45.85) is of increase in depreciation expense by INR 9.80 million.

4. Proposed dividend

Under the Indian GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the Consolidated financial statements were considered as an adjusting events. Accordingly, provision for proposed dividend was recognised as a liability. Under Ind AS, such dividends are recognised when the same is approved by the shareholders in the general meeting. Accordingly, the liability for Proposed Dividend including Dividend Distribution Tax of INR 1,110.75 million as at 31 March 2016 (1 April 2015 – NIL) included under provisions has been reversed with corresponding adjustment to retained earnings. Consequently, the total equity increased by an INR 1,110.75 million

5. Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of Consolidated Statement of Profit and Loss. Under the previous GAAP, these remeasurements were forming part of the Consolidated Statement of Profit or Loss for the year. As a result of this change, the profit for the year ended 31 March 2016 decreased by INR 4.49 million. There is no impact on the total equity as at 31 March 2016.

6. Deferred Tax

In accordance with the Indian GAAP the ‘deferred tax asset’ as of 31 March 2015 was not recognized, as they were not considered to be virtually certain of realization as of that date. With the adoption of Ind AS 12 effective 1 April 2016, the accounting standard requires the recognition of ‘deferred tax asset’ based on reasonable certainty, resulting in a

NOTES TO THE STANDALONE FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31 MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

transitional adjustment to the Opening Balance Sheet as of 1 April 2015. Consequently, the deferred tax asset amounting to INR 150.57 million so recognised as at 1 April 2015 has been adjusted against the deferred tax liability during the financial year 2015-16.

Under previous GAAP, MAT is presented as separate line item in financial statement. Whereas under Ind AS same is required to be disclosed under deferred tax. There is no impact on the total equity and profit.

7. Other Comprehensive Income

Under Ind AS, all items of income and expense recognised in a period should be included in Statement of Profit and Loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in Statement of Profit or Loss but are shown in the Statement of Profit and Loss as ‘other comprehensive income’ includes remeasurement of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

8. Retained Earnings

Retained earnings as at 1 April 2015 has been adjusted consequent to the above Ind AS transition adjustments.

9. Interest Income

The Company calculates the interest revenue by applying the effective interest method to the amortised cost of the financial asset in accordance with paragraph 5.4.1 (b) of Ind AS 109. Accordingly the Company has calculated the interest revenue by applying the effective interest rate to the gross carrying amount. In previous GAAP there was no concept of effective interest rate.

10. As required under paragraph (10C) of Ind AS 101 the Company has reclassified items that it recognised in accordance with previous GAAP as one type of asset, liability or component of equity, but are a different type of asset, liability or component of equity in accordance with Ind AS.

INDEPENDENT AUDITORS' REPORT

To the Members of Gujarat Pipavav Port Limited

Report on the Consolidated Indian Accounting Standards (Ind AS) Financial Statements

1. We have audited the accompanying consolidated Ind AS financial statements of Gujarat Pipavav Port Limited ("hereinafter referred to as the Company") and its associate company [refer Note (1)(B)] to the attached consolidated Ind AS financial statements), comprising of the consolidated Balance Sheet as at 31 March 2017, the consolidated Statement of Profit and Loss (including Other Comprehensive Income), the consolidated Cash Flow Statement for the year then ended and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information prepared based on the relevant records (hereinafter referred to as "the Consolidated Ind AS Financial Statements").

Management's Responsibility for the Consolidated Ind AS Financial Statements

2 The Company's Board of Directors is responsible for the preparation of these consolidated Ind AS financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that give a true and fair view of the consolidated financial position, consolidated financial performance, consolidated cash flows and changes in equity of the Company including its associate in accordance with accounting principles generally accepted in India including the Indian Accounting Standards specified in the Companies (Indian Accounting Standards) Rules, 2015 (as amended) under Section 133 of the Act. The Company's Board of Directors is also responsible for ensuring accuracy of records including financial information considered necessary for the preparation of consolidated Ind AS financial statements. The respective Board of Directors of the Company and of its associate are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and its associate respectively and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgements and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Ind AS financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which has been used for the purpose of preparation of the consolidated Ind AS financial statements by the Directors of the Company, as aforesaid.

Auditors' Responsibility

3. Our responsibility is to express an opinion on these consolidated Ind AS financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act and the Rules made thereunder including the accounting standards and matters which are required to be included in the audit report.

4. We conducted our audit of the consolidated Ind AS financial statements in accordance with the Standards on Auditing specified under Section 143(10) of the Act and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India. Those Standards and pronouncements require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated Ind AS financial statements are free from material misstatement.

5. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated Ind AS financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the consolidated Ind AS financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the consolidated Ind AS financial statements that give a true and fair view, in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Board of Directors, as well as evaluating the overall presentation of the consolidated Ind AS financial statements.

6. We believe that the audit evidence obtained by us, and matter specified in the Other Matters paragraph below, is sufficient and appropriate to provide a basis for our qualified audit opinion on the consolidated Ind AS financial statements.

Basis for Qualified Opinion

7. a) The consolidated Ind AS financial statements include the Company's share of net profit of Rs. 361.19 million, based on unaudited Ind AS financial statements as at and for the year ended 31 March 2017 in respect of its associate company not audited by us. Further the comparative consolidated Ind AS financial information for the year ended 31 March 2016 included in these consolidated Ind AS financial statements include Ind AS financial information of the associate company not audited by us. The Ind AS financial statement as at and for the year ended 31 March 2017 and the comparative Ind AS financial information as at and for the year ended 31 March 2016 in respect of the associate company is pending audit by their auditors. Our opinion on the consolidated Ind AS financial statements insofar as it relates to the amounts and disclosures included for the year ended on 31 March 2017 in respect of this associate company is based solely on such Ind AS financial information of the associate company for the year ended on 31 March 2017, as furnished to us by the Management of the Company.

   b) Further, pending the audit of the associate company for the year ended on 31 March 2017 by their auditors, we are unable to report on the adequacy of the internal financial controls over financial reporting and operating effectiveness of such controls of the associate company incorporated in India as required to be reported by us.

Qualified Opinion

8. In our opinion and to the best of our information and according to the explanations given to us, except for the effects of the matters described in the Basis for Qualified Opinion paragraph above, the aforesaid consolidated Ind AS financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India of the consolidated state of affairs of the Company and its associate as at 31 March 2017, and their consolidated profit (including other comprehensive income), their consolidated cash flows and consolidated changes in equity for the year ended on that date.

Other Matters

9. a) The comparative consolidated financial information of the transition date opening balance sheet as at 1 April 2015 included in these consolidated Ind AS financial statements, are based on the previously issued statutory standalone financial statements of the Company as at and for the fifteen months period then ended and the financial statements of the associate company as at and for the year ended 31 March 2015 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by other firms of Chartered Accountants who, vide their reports dated 25 May 2015 and 20 August 2015 respectively, expressed an unmodified opinion. The adjustments to those standalone financial statements of the Company for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us [Also refer note 7(a) above].

   b) The standalone financial information of the Company for the year ended 31 March 2016 included in these consolidated Ind AS financial statements, are based on the previously issued statutory standalone financial statements of the Company as at and for the year ended 31 March 2016 prepared in accordance with the Companies (Accounting Standards) Rules, 2006 (as amended) which were audited by us, on which we expressed an unmodified opinion dated 19 May 2016. The adjustments to those standalone financial statements of the Company for the differences in accounting principles adopted by the Company on transition to the Ind AS have been audited by us [Also refer note 7(a) above].

   Our opinion is not qualified in respect of the above matters.

Report on Other Legal and Regulatory Requirements

10. As required by Section143(3) of the Act, we report, to the extent applicable, that:

   (a) We have sought and, except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated Ind AS financial statements.

(b) In our opinion, except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, proper books of account as required by law maintained by the Company, its associate company incorporated in India including relevant records relating to preparation of the aforesaid consolidated Ind AS financial statements have been kept so far as it appears from our examination of those books and records of the Company.

(c) The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss (including other comprehensive income), Consolidated Cash Flow Statement and the Consolidated Statement of Changes in Equity dealt with by this Report, except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, are in agreement with the relevant books of account maintained by the Company and its associate company incorporated in India including relevant records relating to the preparation of the consolidated Ind AS financial statements.

(d) In our opinion, except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, the aforesaid consolidated Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act.

(e) On the basis of the written representations received, except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, from the directors of the Company as on 31 March 2017 taken on record by the Board of Directors of the Company none of the directors of the Company is disqualified as on 31 March 2017 from being appointed as a director in terms of Section 164(2) of the Act.

(f) With respect to the other matters to be included in the Auditors' Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:

i. Except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, the consolidated Ind AS financial statements disclose the impact, if any, of pending litigations as at 31 March 2017 on the consolidated financial position of the Company and its associate – Refer Note 33 to the consolidated Ind AS financial statements.

ii. Except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, the Company and its associate did not have any material foreseeable losses on long term contracts as at 31 March 2017.

iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company, and its associate company incorporated in India during the year ended 31 March 2017.

iv. Except for the possible effects of the matter described in the paragraph Basis for Qualified Opinion above, the Company has provided requisite disclosures in its consolidated Ind AS financial statements as to holdings as well as dealings in Specified Bank Notes during the period from 8 November 2016 to 30 December 2016 and based on audit procedures and relying on the management representation we report that the disclosures are in accordance with books of account maintained by the Company and as produced to us by the Management – Refer Note 40.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

1. (A) Company overview

i. Gujarat Pipavav Port Limited, ("the Company") was incorporated on 5 August 1992 to construct, operate and maintain an all-weather port at Pipavav, District Amreli, in the State of Gujarat.

ii. The port is designed to handle bulk, container, liquid cargo and RORO and to provide port services such as marine services, material handling and storage operations.

iii. The Company has entered into a 30 year Concession Agreement with Government of Gujarat and Gujarat Maritime Board ("GMB") dated 30 September 1998 to engage in the business of developing, constructing, operating and maintaining the port on a BOOT (Build Own Operate Transfer) basis.

iv. During the year 2005, AP Moller-Maersk group together with certain financial investors acquired the complete shareholdings held by the original promoter viz. Seaking Infrastructure Limited ("SKIL") group, on receipt of approval from Government of Gujarat, and Gujarat Maritime Board. Accordingly, AP Moller-Maersk group became the key promoter of the Company under the Concession agreement.

v. Pursuant to the approval of the shareholders of the Company in an extra ordinary general meeting held on 17 November 2009, the Company has issued and allotted through Initial Public Offering (IPO) 108,695,652 equity shares of INR 10 each at a premium of INR 36 per share aggregating to a total of INR 5,000 million to all categories of investors. The issue was made in accordance with the terms of the Company's prospectus dated 30 August 2010 and the shares got listed on 9 September 2010 on Bombay Stock Exchange and National Stock Exchange.

(B) Principles of consolidation and equity accounting

i. *Associates*

Associates are all entities over which the Company has significant influence but not control or joint control. This is generally the case where the Company holds between 20% and 50% of the voting rights. Investments in associates are accounted for using the equity method of accounting, after initially being recognised at cost.

ii. *Equity method*

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the Company's share of the post-acquisition profits or losses of the investee in The Consolidated Statement of Profit and Loss, and the Company's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates are recognised as a reduction in the carrying amount of the investment.

When the Company's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Company does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Company and its associates are eliminated to the extent of the Company's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the group.

The carrying amount of equity accounted investments are tested for impairment in accordance with the policy described in note 2.9 below .

iii. *Changes in ownership interests*

When the Company ceases to equity account for an investment because of a loss of control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in Consolidated Statement of Profit and Loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate. In addition, any amounts previously recognised in other comprehensive income in respect of that associate are accounted for as if the Company had directly disposed of the related assets or liabilities. This may mean that amounts previously recognised in other comprehensive income are reclassified to profit or loss.

If the ownership interest in an associate is reduced but joint control or significant influence is retained, only a proportionate share of the amounts previously recognised in other comprehensive income are reclassified to profit or loss where appropriate.

(All amounts in Rupees Millions, unless otherwise stated)

iv. The Associate entity considered in the Consolidated financial statements is:

Sr. No.	Name of the Company	Country of incorporation	% voting power held as at March 31, 2017
1	Pipavav Railway Corporation Limited (the 'Associate Company')	India	38.78%

2. Significant accounting policies

This note provides a list of the significant accounting policies adopted in the preparation of these Consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated.

2.1 *Basis of preparation of Consolidated financial statements*

(i) *Compliance with Ind AS*

The Consolidated financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the 'Act') [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

The Consolidated financial statements up to year ended 31 March 2016 were prepared in accordance with the accounting standards notified under Companies (Accounting Standard) Rules, 2006 (as amended) and other relevant provisions of the Act.

These Consolidated financial statements for the year ended 31 March 2017 are Company's first Ind AS Consolidated financial statements. Refer note 43 for changes in Company's financial position, financial performance and cash flows due to transition from previous GAAP to Ind AS.

(ii) *Historical cost convention*

The Consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities and contingent consideration that is measured at fair value ; and
- defined benefit plans – plan assets measured at fair value

All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of services and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

2.2 *Use of estimates :*

The preparation of Consolidated financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses and the disclosure of contingent liabilities on the date of the Consolidated financial statements. Actual results could differ from those estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Any revision to accounting estimates is recognised prospectively in the accounting period in which such revision takes place.

2.3 *Segment reporting*

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker.

Managing Director and Chief Financial Officer of the Company are the chief operating decision makers. Refer note 38 for segment information presented.

2.4 *Foreign currency transactions*

Items included in the Consolidated financial statements are measured using the currency of the primary economic environment in which the Company operates ('the functional currency'). The Consolidated financial statements are presented in Indian Rupee (INR), which is Company's functional and presentation currency.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

Foreign currency transactions are recorded in Indian rupees using the rates prevailing on the date of the respective transactions. Exchange differences arising on foreign currency transactions settled during the period are recognised in the Consolidated Statement of Profit and Loss. Monetary assets and liabilities denominated in foreign currencies as at the balance sheet date are translated into Indian Rupee at the closing exchange rates on that date; the resultant exchange differences are recognised in the Consolidated Statement of Profit and Loss.

As at the balance sheet date non-monetary items denominated in foreign currency are carried at historical cost. All non-monetary items denominated in foreign currency are carried at historical cost or other similar valuations are reported using the exchange rate that existed when the values were determined.

2.5 *Revenue recognition*

The Company recognises revenue from rendering of services when services are rendered as per the contractual obligations, when the amount of revenue can be reliably measured and it is probable that the future economic benefits will flow to the entity.

Revenue is measured at the fair value of the consideration received or receivable. The amount disclosed as revenue is exclusive of service tax, education cess and net of trade allowance and rebates wherever applicable.

Interest income on deposits with bank is recognised on a time proportion basis at applicable interest rates.

2.6 *Government Grant*

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants relating to income are deferred and recognised in the Consolidated Statement of Profit and Loss over the period necessary to match them with the costs that they are intended to compensate and presented within other income.

Government grants relating to the purchase of property, plant and equipment are included in non-current liabilities as deferred income and are credited to Consolidated Statement of Profit and Loss on a straight-line basis over the expected lives of the related assets and presented within other income.

2.7 *Income taxes*

Income tax expense comprises current tax (i.e. amount of tax for the period determined in accordance with the income-tax law) and deferred tax charge or credit (reflecting the tax effects of timing differences between accounting income and taxable income for the period). Provision for current tax is based on the results for the year ended 31 March, in accordance with the provisions of the Income Tax Act, 1961.

Deferred tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the Consolidated financial statements. The deferred tax charge or credit and the corresponding deferred tax liabilities or assets are recognised using the tax rates and tax laws that have been enacted or substantively enacted by the balance sheet date. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in the Consolidated Statement of Profit and Loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

Minimum Alternative Tax (MAT) under the provisions of the Income Tax Act, 1961 is recognised as deferred tax. The credit available under the said Act in respect of MAT is recognised as Deferred Tax Asset only to the extent there is convincing evidence that the Company will pay income tax in future periods and MAT credit can be carried forward to set-off against the normal tax liability. MAT credit recognised as Deferred Tax Asset is reviewed at each Balance sheet date and written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal tax during the specified period.

2.8 *Leases*

As a lessee

Leases of property, plant and equipment where the Company, as lessee, has substantially all the risks and rewards of ownership are classified as finance leases. Finance leases are capitalised at the lease's inception at the fair value of the leased property or, if lower, the present value of the minimum lease payments. The corresponding rental obligations, net of finance charges, are included in borrowings or other financial liabilities as appropriate. Each lease payment is allocated between the liability and finance cost. The finance cost is charged to the Consolidated Statement of Profit and Loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to the Consolidated Statement of Profit and Loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature. Costs, including depreciation, incurred in earning the lease income are recognised as expenses.

2.9 *Impairment*

Assets are reviewed at each reporting date to determine if there is any indication of impairment. An impairment loss is recognised if the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or cash generating unit (CGU).

For the purpose of impairment testing, assets are grouped together into the smallest group of assets or CGU that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs.

Impairment losses are recognised in the Consolidated Statement of Profit and Loss.

If as at the balance sheet date there is an indication that a previously assessed impairment loss no longer exists or has decreased, the assets or CGU's recoverable amount is estimated. For assets, the impairment loss is reversed to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. Such a reversal is recognised in the Consolidated Statement of Profit and Loss.

2.10 *Cash and cash equivalents*

For the purpose of presentation in the Consolidated statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

2.11 *Exceptional Items*

Company recognises exceptional item when items of income and expenses within Consolidated Statement of Profit and Loss from ordinary activities are such size, nature or incidence that their disclosure is relevant to explain the performance of the enterprise for the period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

2.12 *Inventories*

Inventories comprise of stores, spares, loose tools, fuel and lubricants. Cost of inventories also include all other costs incurred in bringing the inventories to their present location and condition. Costs of purchased inventory are determined after deducting rebates and discounts. These are carried at the lower of cost and net realisable value. Costs are assigned to individual items of inventory on the basis of first-in first-out basis. Systematic provisioning is made for inventories held for more than a year. Net realisable value is the estimated selling price in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary to make the sale.

2.13 *Investment and Other Financial assets*

(i) *Classification*

The Company classifies its financial assets in the following measurement categories :

- those to be measured subsequently at fair value (either through other comprehensive income, or through profit or loss) ; and
- those measured at amortised cost

The classification depends on the Company's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in the Consolidated Statement of Profit and Loss or other comprehensive income. For investments in equity instruments, this will depend on whether the Company has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income.

(ii) *Measurement*

At initial recognition, the Company measures its financial asset at its fair value plus, in the case of financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in the Consolidated Statement of Profit and Loss.

Equity instruments

The Company initially measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in other comprehensive income, there is no subsequent reclassification of fair value gains and losses to the Consolidated Statement of Profit and Loss.

Changes in the fair value of financial assets at fair value through profit or loss are recognised in other gain/(losses) in the Consolidated Statement of Profit and Loss. Impairment losses and reversal of impairment losses on equity investments measured at FVOCI are not reported separately from other changes in fair value.

(iii) *Impairment of financial assets*

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

(iv) *Derecognition of financial assets*

A financial asset is derecognised only when

- the Company has transferred the rights to receive cash flows from the financial asset ;or
- retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

(v) *Income recognition*

Dividends are recognised in the Consolidated Statement of Profit and Loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its investment in equity recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the investment in equity.

2.14 *Offsetting financial instruments*

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

2.15 *Property, plant and equipment*

Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation and accumulated impairment losses, if any. Historical cost includes expenditure that is directly attributable to the acquisition of items. Cost may also include transfers from equity of any gains or losses on qualifying cash flow hedges of foreign currency purchases of property, plant and equipment.

Subsequent costs are included in the asset’s carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Consolidated Statement of Profit and Loss during the reporting period in which they are incurred.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of its property, plant and equipment recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment.

Depreciation methods, estimated useful lives and residual value

Depreciation is provided on the straight-line method, over the estimated useful life of each asset from the subsequent month of the date of purchase. Assets are depreciated as per useful life specified in Part ‘C’ of the schedule II of the Act. Based on internal technical evaluation following assets have a different useful life than prescribed by schedule II of the Act.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

Asset Details	Life as per Schedule II in Years	Technical Estimate in Years
Ship to Shore Cranes	15	20
Power Distribution Systems	10	15
Carpeted Roads	10	20
Jetties	Not defined	30
Dredging	Not defined	50
Boundary Wall	Not defined	20
Old Residential Complex	60	15
Marine Office Building	60	15
Warehouses	30	15
Guest houses	30	15

All assets costing individually INR 125,000 or less are depreciated fully in the year of purchase.

The useful lives are reviewed by the management at each reporting date and revised, if appropriate. In case of a revision, the unamortised depreciable amount is charged over the revised remaining useful life.

A fixed asset is eliminated from the Consolidated financial statements on disposal or when no further benefit is expected from its use and disposal. Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in Consolidated Statement of Profit and Loss within other gains/ (losses).

In accordance with Concession agreement all contracted immovable and movable assets shall be transferred to and shall vest in Gujarat Maritime Board ('GMB') at the end of the concession period, for consideration equivalent to the Depreciated Replacement Value (DRV). Since the DRV is currently not determinable, fixed assets are depreciated based on their estimated useful life.

2.16 ***Acquired intangible assets***

Intangible assets that are acquired by the Company are measured initially at cost. After initial recognition, an intangible asset is carried at its cost less any accumulated amortisation and / or any accumulated impairment loss, if any.

Intangible assets are amortised in the Consolidated Statement of Profit and Loss using the straight line method over their estimated useful lives, from the date that they are available for use. Accordingly, at present, these are being amortised on straight line basis based on the period of the licence in case of licensed software or for 3 years. Such intangible assets that are not yet available for use are tested annually for impairment.

Amortisation method and useful lives are reviewed at each reporting date. If the useful life of an asset is estimated to be significantly different from previous estimates, the amortisation period is changed accordingly.

An intangible asset is derecognised on disposal or when no future economic benefits are expected from its use and disposal.

Losses arising from retirement and gains or losses arising from disposal of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Consolidated Statement of Profit and Loss.

Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all of intangible assets recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of intangible assets.

2.17 Employee benefits

(i) Short-term obligations

Liabilities for wages and salaries, including non-monetary benefits that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) Post-employment obligations

Defined contribution plans:

A defined contribution plan is a post-employment benefit plan under which an entity pays specified contributions to a separate entity and has no obligation to pay any further amounts. The Company makes specified monthly contributions towards employee provident fund to Government administered provident fund scheme which is a defined contribution plan. The Company's contribution is recognised as an expense in the Consolidated Statement of Profit and Loss during the period in which the employee renders the related service

Defined benefit plan:

The Company's gratuity benefit scheme is a defined benefit plan. The Company's net obligation in respect of a defined benefit plan is calculated by estimating the amount of future benefit that employees have earned in return for their service in the current and prior periods; that benefit is discounted to determine its present value. Any unrecognised past service costs and the fair value of any plan assets are deducted. The calculation of the Company's obligation under the plan is performed annually by a qualified actuary using the projected unit credit method, which recognises each period of service as giving rise to additional unit of employee benefit entitlement and measures each unit separately to build up the final obligation. The discount rates used for determining the present value of the obligation under defined benefit plan, are based on the market yields on Government securities as at the Balance sheet date.

All expenses related to defined benefit plans are recognised in employee benefits expense in the Consolidated Statement of Profit and Loss. The Company recognises gains and losses on the curtailment or settlement of a defined benefit plan when the curtailment or settlement occurs.

The Company has funded its gratuity liability with Life Insurance Corporation of India (LIC) under the Group Gratuity cum Life Assurance (Cash Accumulation) Scheme.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation and the fair value of plan assets. This cost is included in employee benefits expense in the Consolidated Statement of Profit and Loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the Consolidated statement of changes in equity and in the balance sheet.

Changes in the present value of the defined benefit obligation resulting from plan amendments or curtailments are recognised immediately in the Consolidated Statement of Profit and Loss as past service cost.

(iii) ***Other Long term employee benefit obligation***

The employees can carry-forward a portion of the unutilised accrued compensated absences and utilise it in future service periods or receive cash compensation on termination of employment. Since the compensated absences do not fall due wholly within twelve months after the end of the period in which the employees render the related service and are also not expected to be utilized wholly within twelve months after the end of such period, the benefit is classified as a long-term employee benefit obligations.The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the projected unit credit method. Actuarial losses/ gains are recognised in the Consolidated Statement of Profit and Loss in the period in which they arise.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

(All amounts in Rupees Millions, unless otherwise stated)

2.18 *Provisions*

A provision is recognised if, as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are not recognised for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognised even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

2.19 *Contingent liabilities*

A contingent liability exists when there is a possible but not probable obligation, or a present obligation that may, but probably will not, require an outflow of resources, or a present obligation whose amount cannot be estimated reliably. Contingent liabilities do not warrant provisions, but are disclosed unless the possibility of outflow of resources is remote.

2.20 *Earnings per share (EPS)*

The basic EPS is computed by dividing the net profit attributable to the equity shareholders for the period by the weighted average number of equity shares outstanding during the period. Diluted EPS is computed by dividing the net profit attributable to the equity shareholders for the period by the weighted average number of equity and dilutive equity equivalent shares outstanding during the period, except where the results would be anti-dilutive.

2.21 *Dividends*

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

2.22 *Contributed equity*

Equity shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

2.23 *Investment in Associate Company*

Investment in associate are recognised at cost as per Ind AS 27. Except where investments accounted for at cost shall be accounted for in accordance with Ind AS 105, Non-current Assets Held for Sale and Discontinued Operations, when they are classified as held for sale.

2.24 *Financial instruments measured at fair value*

Financial instruments measured at fair value can be divided into three levels:

Level 1 – Quoted prices (unadjusted) in active markets for identical assets or liabilities;

Level 2 – Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);

Level 3 – Inputs for the asset or liability that are not based on observable market data. Fair value of listed securities fall within level 1 of the fair value hierarchy. Non-listed shares and other securities fall within level 3 of the fair value hierarchy.

Fair value of level 3 assets and liabilities are primarily based on the present value of expected future cash flows. A reasonably possible change in the discount rate is not estimated to affect the Company's profit or equity significantly.

(iii) Risk exposure :

Though its defined benefits plan, the Company is exposed to a number of risks, the most significant of which are detailed below

Changes in bond yields

A decrease in bond yield will increase plan liabilities, although this will be partially offset by increase in the plan's bond holding

Asset volatility

The plan liabilities are calculated using a discount rate set with reference to bond yields; if plan assets underperform this yield, this will create a deficit. Plan assets are invested with the Life Insurance Corporation of India Limited. It is subject to interest rate risk. The Company intends to maintain the above investments in the continuing years.

Financial instruments carried at amortised cost

Fair value of the current financial assets and current financial liabilities carried at amortised cost is not materially different from the carrying amount. In general, fair value is determined primarily based on the present value of expected future cash flows.

28. Financial risk management

The Company's activities expose it to a variety of financial risks:

(a) Credit risk

(b) Liquidity risk

(c) Market risk

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise the potential adverse effects on the Company's financial performance. Risk management is carried out by finance department under policies approved by the Board of Directors.

(a) *Credit risk*

The Company has exposure to financial and commercial counterparties but has no particular concentration of customers or suppliers. To minimise the credit risk, security deposits and advance payments are taken from all major customers. Our historical experience of collecting receivables, supported by the level of default, is that credit risk is low and so trade receivables are considered to be a single class of financial assets.

Expected credit loss for trade receivables under simplified approach.

(b) *Liquidity risk*

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Management monitors Company's liquidity position and cash and cash equivalents through Quarterly rolling forecasts and on the basis of expected cash flows. Company treasury maintains flexibility in funding through committed credit lines with Financial Institution.

Maturities of financial liabilities

The following table shows the maturity analysis of the Company's financial liabilities based on contractually agreed undiscounted cash flows as at the Balance Sheet date. Balances due within 12 months and more than 12 months equal their carrying balances as the impact of discounting is not significant.

As there is no committed credit facilities to meet obligations when due and to close out market positions, the Company is not exposed to liquidity risk.

(c) *Market risk*

Market risk is the risk that changes in market prices, such as foreign exchange rates, will affect the Company's profit or the value of its holdings of financial instruments. Below sensitivity analyses relate to the position of financial instruments at 31 March 2017 and 31 March 2016. It is assumed that the exchange rate sensitivities have a symmetric impact, i.e. an increase in rates results in the same absolute movement as a decrease in rates.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

The sensitivity analyses show the effect on profit or loss and equity of a reasonably possible change in exchange rates and interest rates.

Foreign Currency risk

The Company is exposed to foreign currency risk arising from foreign currency transactions, primarily with respect to USD and EURO. The Company's business model incorporates assumptions on currency risk and ensures any exposure is covered through the normal business operations. As the functional reporting currency is in INR, the foreign currency risk exists for the Company.

Foreign currency exposure not covered by Forward Contracts as at 31 March 2017:

29. Capital Management

The Company's objective in managing its capital is to safeguard its ability to continue as a going concern and to optimize returns to our shareholders. The Company considers the following components of its Balance Sheet to be managed capital:

1) Share Capital, 2) Share Premium; and 3) Retained Earnings

The Company's capital structure is based on the Managements assessment of the balances of key elements to ensure strategic decisions and day to day activities. The capital structure of the Company is managed with a view of the overall macro-economic conditions and the risk characteristics of the underlying assets.

The Company's policy is to maintain a strong capital structure with a focus to mitigate all existing and potential risks to the Company, maintain shareholder, vendor and market confidence and sustain continuous growth and development of the Company.

The Company's focus is on keeping a strong total equity base to ensure independence, security, as well as high financial flexibility without impacting the risk profile of the Company. In order, to maintain or adjust the capital structure, the Company will take appropriate steps as may be necessary. The Company does not have any debt or financial covenants.

The Management monitors the return on capital as well as the level of dividend to shareholders. The Company goal is to continue to be able to provide return to shareholders by continuing to distribute dividends in future period. Refer the following table for the final and interim dividend declared and paid.

41. More than 50% of PRCL's shareholding is held by Government/Public Sector Undertaking and it is therefore subject to a CAG Audit and associate company's audited Ind AS financial statements for the year ended 31 Match 2017 and 31 March 2016 are yet to be released. Hence, company's share of net profit and other comprehensive income of INR 361.19 million and Nil for the year ended 31 March 2017 and share of net profit and other comprehensive income of INR 363.09 million and INR 0.71 million respectively for the year ended 31 March 2016 in respect of the associate company, included in the Consolidated Ind AS Financial Statement of Company is based on associate company's management prepared Ind AS Financial information. The statutory auditors' have qualified their audit opinion on the Consolidated Ind AS financial statements stating that Company's share of net profit and other comprehensive income of INR 361.19 million and Nil respectively are based on un-audited financial information of the associate company.

42. First-time adoption of Ind AS

Transition to Ind AS

These are the Company's first Consolidated financial statements prepared in accordance with Ind AS.

The accounting policies set out in note 2 have been applied in preparing the Consolidated financial statements for the year ended 31 March 2017, the comparative information presented in these Consolidated financial statements for the year ended 31 March 2016 and in the preparation of an opening consolidated Ind AS balance sheet at 1 April 2015 (the Company's date of transition). In preparing its opening Ind AS balance sheet, the Company has adjusted the amounts reported previously in Consolidated financial statements prepared in accordance with the accounting standards notified under Companies (Accounting Standards) Rules, 2006 (as amended) and other relevant provisions of the Act (previous GAAP or Indian GAAP). An explanation of how the transition from previous GAAP to Ind AS has affected the Company's financial position, financial performance and cash flows is set out in the following tables and notes.

A. Exemptions and exceptions availed

Set out below are the applicable Ind AS 101 optional exemptions and mandatory exceptions applied in the transition from previous GAAP to Ind AS.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

A.1 Ind AS optional exemption

a) Deemed Cost

Ind AS 101 permits a first-time adopter to elect to continue with the carrying value for all of its property, plant and equipment as recognised in the Consolidated financial statements as at the date of transition to Ind AS, measured as per the previous GAAP and use that as its deemed cost as at the date of transition after making necessary adjustments for de-commissioning liabilities. This exemption can also be used for intangible assets covered by Ind AS 38 Intangible Assets.

Accordingly, the Company has elected to measure all of its property, plant and equipment and intangible assets at their previous GAAP carrying value.

b) Designation of previously recognised financial instruments

Ind AS 101 allows an entity to use the deemed cost in its opening balance sheet for investment in associate company.

Accordingly, the Company has elected to apply this exemption for its investment in equity investment.

c) Leases

Appendix C to Ind AS 17 requires an entity to assess whether a contract or arrangement contains a lease. In accordance with Ind AS 17, this assessment should be carried out at the inception of the contract or arrangement. Ind AS 101 provides an option to make this assessment on the basis of facts and circumstances existing at the date of transition to Ind AS, except where the effect is expected to be not material.

The Company has elected to apply this exemption for such contracts/arrangements.

A.2 Ind AS mandatory exceptions

***a)* Estimates**

An entity's estimates in accordance with Ind ASs at the date of transition to Ind AS shall be consistent with estimates made for the same date in accordance with previous GAAP (after adjustments to reflect any difference in accounting policies), unless there is objective evidence that those estimates were in error.

Ind AS estimates as at 1 April 2015 are consistent with the estimates as at the same date made in conformity with previous GAAP. The Company made estimates for Impairment of financial assets based on expected credit loss model in accordance with Ind AS at the date of transition as these were not required under previous GAAP.

***b)* Classifications and measurement of financial assets**

Ind AS 101 requires an entity to assess classification and measurement of financial assets on the basis of the facts and circumstances that exist at the date of transition to Ind AS. Consequently, the Company has applied the above assessment based on facts and circumstances exist at the transition date.

A.3 a) Pursuant to the applicability of sub section 3 of Section 129 of the Act to the Company w.e.f. 1 April 2015, the Company had prepared for the first time Consolidated financial statements for the financial year 2015-16 under previous GAAP. In such Consolidated financial statements prepared under previous GAAP, impact of transitional provisions as provided in Accounting Standard (AS) 23 'Accounting for Investment in Associates in Consolidated Financial Statements' notified under Section 211(3C) of the Companies Act, 1956 [Companies (Accounting Standards) Rules, 2006, as amended] was effected for the amount of investment in the associate company as at 1 April 2015. Consequent to the aforesaid impact of transitional provisions (i) Cost of investment in the associate company of INR 830.00 million includes goodwill of INR 400.41 million; and (ii) The difference between value of investment as per equity method and carrying amount of the Investment of the associate company as at 31 March 2015 amounting to INR 541.96 million was adjusted to the balance of the retained earnings as at 1 April 2015.

b) Ind AS 101 "First-time Adoption of Indian Accounting Standards" provides the option to apply Ind AS 103 prospectively from the transition date or from a specific date prior to the transition date. This provides relief from full retrospective application that would require restatement of all business combinations prior to the transition date. The Company elected to apply Ind AS 103 prospectively to business combinations occurring after its transition date. Business combinations occurring prior to the transition date have not been restated. Accordingly, the Company has elected to measure its investment in associate company at the carrying value determined as at 1 April 2015 as explained in the para–(a) above.

c) Since the Company has not reported consolidated equity as at 1 April 2015 in accordance with previous GAAP and therefore the Company has not included reconciliation of its consolidated equity at the date of transition to Ind AS.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

C. **Notes to first-time adoption :**

1. ***Government Grant***

As stated in the Note 2, on transition to Ind AS, the Company has elected to continue with the carrying value of all of its property , plant and equipment recognised as at 1 April 2015 measured as per the previous GAAP and use that carrying value as the deemed cost of the property, plant and equipment. However, in view of the Ind AS Transition Facilitation Group (ITFG) clarification bulletin dated 17 April 2017 the deemed cost of property, plant and equipment as at the transition date has been increased by INR 644.28 million being the unamortised Capital Subsidy/EPCG as on the date of the transition (Refer note 15 and 18). Consequent to the aforesaid adjustment, the Company has provided for incremental depreciation and also recognised deferred income (Refer note 20 and 24) to the extent of INR 55.65 million for the year ended 31 March 2016 on the Government grant.

2. ***Plant, Property and Equipment (PPE)***

The Company has elected to apply the optional exemption as per Ind AS 101 to measure all of its property, plant and equipment, intangible assets as per previous GAAP at carrying value. In the year 2015-16, the Company based on physical assessment and business performance and financial projections for foreseeable future had reversed impairment provision on its fixed assets. However in the view of Accounting Standard Board (ASB) clarification on 30 June 2016, when an entity elects the deemed cost on the transition date (i.e. carrying values of PPE as per the previous GAAP) as the cost of its PPE, then any accumulated depreciation and provision for impairment under previous GAAP will have no relevance. Consequently, the reversal of impairment provision of INR 604.09 million in the year 2015-16 disclosed as exceptional item under previous GAAP will have no relevance. As a result:

- Gross carrying value of PPE as at 31 March 2016 has decreased by INR 604.09 million. This has also resulted into decrease in depreciation by INR 45.85 million, and thus net impact on PPE as at 31 March 2016 is of INR 558.24 million; and
- Profit and total equity for the year ended 31 March 2016 has decreased by INR 558.24 million (exceptional item: reversal of impairment provision of INR 604.09 million less decrease in depreciation by INR 45.85 million)

3. In case of depreciation expense for the year ended 31 March 2016, the net impact of Ind AS adjustment mentioned in note 42 (C)(1) (increase in depreciation charge on Government Grant by INR 55.65 million) and 42 (C)(2) (decrease in depreciation charge by INR 45.85) is of increase in depreciation expense by INR 9.80 million.

4. Proposed dividend

Under the Indian GAAP, dividends proposed by the board of directors after the balance sheet date but before the approval of the Consolidated financial statements were considered as an adjusting events. Accordingly, provision for proposed dividend was recognised as a liability. Under Ind AS, such dividends are recognised when the same is approved by the shareholders in the general meeting. Accordingly, the liability for Proposed Dividend including Dividend Distribution Tax of INR 1,110.75 million as at 31 March 2016 (1 April 2015 – NIL) included under provisions has been reversed with corresponding adjustment to retained earnings. Consequently, the total equity increased by an INR 1,110.75 million.

5. Remeasurements of post-employment benefit obligations

Under Ind AS, remeasurements i.e. actuarial gains and losses and the return on plan assets, excluding amounts included in the net interest expense on the net defined benefit liability are recognised in other comprehensive income instead of Consolidated Statement of Profit and Loss. Under the previous GAAP, these remeasurements were forming part of the Consolidated Statement of Profit or Loss for the year. As a result of this change, the profit for the year ended 31 March 2016 decreased by INR 4.49 million. There is no impact on the total equity as at 31 March 2016.

6. Deferred Tax

In accordance with the Indian GAAP the ‘deferred tax asset’ as of 31 March 2015 was not recognized, as they were not considered to be virtually certain of realization as of that date. With the adoption of Ind AS 12 effective 1 April 2016, the accounting standard requires the recognition of ‘deferred tax asset’ based on reasonable certainty, resulting in a transitional adjustment to the Opening Balance Sheet as of 1 April 2015. Consequently, the deferred tax asset amounting to INR 150.57 million so recognised as at 1 April 2015 has been adjusted against the deferred tax liability during the financial year 2015-16.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS AS AT AND FOR THE YEAR ENDED 31MARCH 2017

(All amounts in Rupees Millions, unless otherwise stated)

Under previous GAAP, MAT is presented as separate line item in financial statement. Whereas under Ind AS same is required to be disclosed under deferred tax. There is no impact on the total equity and profit.

7. ***Other Comprehensive Income***

Under Ind AS, all items of income and expense recognised in a period should be included in Consolidated Statement of Profit or Loss for the period, unless a standard requires or permits otherwise. Items of income and expense that are not recognised in Consolidated Statement of Profit or Loss but are shown in the Consolidated Statement of Profit or Loss as 'other comprehensive income' includes remeasurements of defined benefit plans. The concept of other comprehensive income did not exist under previous GAAP.

8. ***Retained Earnings***

Retained earnings as at 1 April 2015 has been adjusted consequent to the above Ind AS transition adjustments.

9. ***Interest Income***

The Company calculates the interest revenue by applying the effective interest method to the amortised cost of the financial assets in accordance with paragraph 5.4.1 (b) of Ind AS 109. Accordingly the Company has calculated the interest revenue by applying the effective interest rate to the gross carrying amount. In previous GAAP there was no concept of effective interest rate.

10. As required under paragraph (10C) of Ind AS 101 the Company has reclassified items that it recognised in accordance with previous GAAP as one type of asset, liability or component of equity, but are a different type of asset, liability or component of equity in accordance with Ind ASs.

As per our report of even date attached.
