

Always follow the instructions of APM Terminals MVII Personnel.

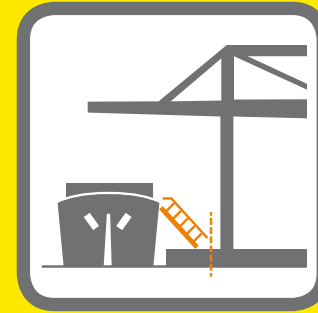

All confined spaces must be measured by the Hazardous Cargo Team before entering by APMT personnel or contractors.

Inform Security when visitors board and/or leave the ship due to restricted access to the quay. (+31 (0)10 7549773). No sightseeing on the quay or cranes.

Always wear a fluorescent jacket, helmet and safety shoes on deck and quay.

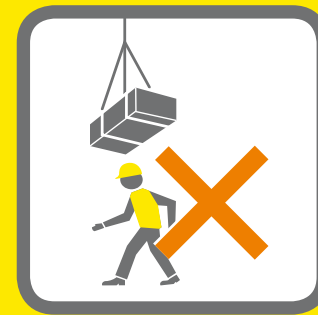

Gangway accommodation should be safely accessible from the quay and provided with a net unless the gangway is "closed". Net can only be taken away when operation has finished and there are no more APMT personnel or contractors on board.

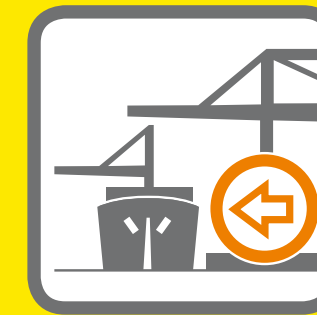

Keep operational areas clear from obstacles.

Wear a life jacket when risk of falling in water. Wear a safety harness when risk of falling from height (>2.5 m).

Never walk under a load. Please note when working with onboard crane where Ship to shore crane is located or moves.

Always point the ship crane towards the waterside. Always contact APM staff before using ship crane.
